

Changes to classification system will impact Louisburg

Member schools in the Kansas State High School Activities Association sent ripples across the state last week when they passed two proposals that will affect high school athletics beginning in the 2018-19 season.

For football, the two 4A divisions and Class 2-1A have been eliminated. They have been replaced with 32 team classifications in 4A, 5A and 6A, while 3A and 2A will have 48-team classifications. The remaining schools will play in 1A.

The second proposal was for all other sports. Other than football, classes 4A, 5A and 6A will have 36 teams in each division. Classes 3A and 2A will have 64 schools each, while the remaining schools will be in 1A.

The football proposal passed with a vote of 215-73 and the all-sports proposal passed with a 207-145 majority. All of the classes, except 6A and 1A, were in favor.

With those new proposals comes a different playoff system for many of the sports.

Louisburg High School, which is a Class 4A school, will see changes in five sports programs – football, basketball, baseball, softball and volleyball.

In football, Louisburg will no longer have district play as

the playoffs will begin in week nine. Class 4A will play an eight-game regular season and then each side of the state will be seeded in a bracket from 1 through 16, based on their record.

Given the fact the Frontier League currently has nine teams after recently adding three schools in Tonganoxie, Bonner Springs and Piper, the Wildcats will no longer have to play a non-league opponent. De Soto recently chose to leave the Frontier League following the 2017-18 season to join a new league made up of 5A schools.

"Normally we go out in October to Salina, we would redistrict for 2018 and 2019," Louisburg activities director Darin Gagnebin said. "I don't even know that we will have to go cause our league has nine teams, so we would play eight league games and the ninth game gets assigned to you for the playoffs. As of right now in football, we will no longer have any out of conference opponents as long as we maintain nine in the league."

Another change will be in basketball. For the postseason, there will no longer be substates, instead the 18 teams on each side of the state will be bracketed out by record beginning with two play-in games.

From there, the bracket will be sized down to four-team pods, with the higher seed hosting the game. Teams will have to win two games to reach the state tournaments. Pods will be 1-16-8-9 seeds, 4-13-5-12, 2-15-7-10 and 3-14-6-11. The eight pod winners will advance to the state tournament.

"Depending on where we fall, it could increase travel depending on where we are seeded," Gagnebin said. "We could have to drive down to Coffeyville or drive up to Atchison, you just don't know until the end of the year."

Basketball schedules will also be different with the addition of the new league teams in 2018-19. There will no longer be

double round-robin schedules. There will be eight league games, six tournament games and athletic directors will have to find a way to fill the other six.

“We will start in August about building the new league schedule and it will be tough,” Gagnebin said. “One thing you will see is we won’t have double round-robin’s anymore because we can’t play everyone twice. I think there will be traditional rivalries that are held to where we would play those twice due to proximity. Quite frankly, it wouldn’t be smart for Louisburg not to play Paola, Ottawa or Spring Hill twice due to higher attendance numbers and proximity. It will probably increase travel costs because you are playing more non-conference opponents.”

Baseball and softball will be similar as there will no longer be regionals. Like basketball, there will be two play-in games with the same pod structure. The top four overall seeds will each host all games in their pod on the same day.

In volleyball, there will be four substates across the state, broken into eight brackets. There will also be nine teams in each substate, which will require a play-in game. Teams will need to win two games to qualify for state.

Postseasons for wrestling, track, soccer, cross country and golf will remain the same.

However, even with the new changes, the proposals don’t address the competitive balance issue between public and private schools that many members have been talking about for the last several years.

Although he likes the new playoff system, the fact these changes don’t address the problem is one of the reasons Gagnebin voted no on the new proposals.

“It was a shock because I didn’t think it was going to pass,” Gagnebin said. “Other than the playoff system, in my opinion,

it doesn't do anything for Class 4A. All the work that went into splitting 4A into two divisions is now gone. I feel bad for those schools because they put in a ton of work. It doesn't really affect us because we are locked into 4A and we are right in the middle of the pack.

"I didn't see how it benefited Louisburg or 4A, other than the playoffs system where it should ensure you have more competitive teams at state. Since you are seeding them out now, you shouldn't have a substate of teams with losing records. They could have done that without this."

Although private schools like Bishop Miege, which have won several state titles in the last few years, could find itself moving up a classification with the new measures, it isn't a permanent solution according to Gagnebin.

"Enrollment could bump some private schools up a class, but that doesn't fix the problem," Gagnebin said. "Private schools can control enrollment. According to (Miege) they are losing enrollment and could be back in 4A. It doesn't impact the private issue at all and that is why I didn't vote for it. It is not fixing what the 80 percent of athletic directors polled in Kansas asking what the biggest problems in classifications are. It doesn't address the real problem."
