

LHS sports preparing to start back up in June with summer workouts

Kansas high school sports has been absent since the middle of March due to the COVID-19 pandemic, but that all could change very soon.

During its board of directors meeting earlier this month, the Kansas State High School Activities Association made a change to its summer regulations. Starting on June 1, school employed coaches may begin summer programs as long as it is permitted by the community's health authorities and the school district.

Coaches at Louisburg High School are making plans to move forward beginning the first of June, but they must meet some guidelines to do so.

In the first two calendar weeks in June, athletes will need to attend a conditioning session each day. Those must be completed to be able to participate in a coach's camp or organized competition.

If an athlete is playing football, they must complete an extra five days of conditioning before being able to participate in competition.

The first two weeks of conditioning sessions will not involve weights, indoor facilities or sporting equipment to ensure safety. Masks will be optional at workouts, but six feet of

distance will be in place along with no more than the 90 gathering restriction under the phase 3 guidelines put out by the state.

Then on June 15, barring no setbacks, conditioning will include indoor weight sessions and indoor facilities will be allowed. Coaches will also be able to hold camps and competition throughout the summer.

Louisburg football coach Robert Ebenstein has plotted out summer workouts for his football team beginning with three weeks of conditioning starting June 1

“I think the guidelines were set to help ensure the safety of all student athletes accords the state, along with their physical health as well as the preparation for the season,” Louisburg football coach Robert Ebenstein said. “Challenges may be there, but overall they are irrelevant as all the teams in the state have to follow the same guidelines. Our school

administrators have been very supportive throughout this process.”

Along with the new changes, KSHSAA also lifted the moratorium period at the end of the summer and will allow teams to practice all the way up to the beginning of the school year. Fall sports, however, will take precedence from Aug. 1 through Aug. 15.

For some programs, the changes won't be much different as what they have experienced in the past, other than practicing social distancing through the first two weeks of conditioning.

“We are still allowed to compete in leagues and camps after all athletes have completed 10 days of conditioning/training,” Louisburg volleyball coach Jessica Compliment said. “Our summer weights program is changing some this summer, so it gives the players a chance to acclimate back into workouts before putting a ball in their hands.

“When you really look at the schedule, we lost the first two weeks in June (in terms of volleyball skill work), but we gained the moratorium week and have full contact until August 16. The fall season starts on August 17. Normally, we can't have contact, outside of weights and conditioning, after mid-July. This actually gives us about four weeks on the back end of summer to work with the athletes.”

Louisburg volleyball coach Jessica Compliment has her normal summer scheduled planned out despite a different start.

Still, the new-look summer won't be without its challenges – especially in the first 10 days of the summer calendar. However, the coaches and athletes will gladly work around the new rules in order to get back together and competing again.

“I think the new guidelines will help kids get back to some normalcy as long as everything continues to get better, but the six feet of social distancing could be challenging when you are coaching a team sport,” Louisburg soccer coach Kyle Conley said. “We will find a way to overcome these challenges and help the kids develop as much as possible.”

Coaches have already altered their camp schedules for the summer, and that information, along with a list of camps, can be found [here](#).

As for Louisburg cross country, the runners will also be going through a conditioning period like everyone else. They will meet at the football practice field at 7 a.m. for an hour every morning beginning June 1 and that will continue through the summer.

Since school has been out since the middle of March, coaches have tried to find a way to stay in touch with their players – and like with online schooling – the zoom platform has been a big help for coaches.

“Football has been doing online zoom workout together for those currently in high school every Monday, Wednesday and Friday while we have been out of school, so I have still been seeing them and they have been doing some cardio,” Ebenstein said. “We have as normal of a summer planned as possible. We will have our weights sessions, our team camp, review/skills night, and we will have our contact camp that KSHSAA is allowing.”

With everything going on around the state and the country, everything is still in limbo and dates could have to be altered once again depending on what local officials decide. Even with all that, the coaches believe there will be a fall season.

Louisburg soccer coach Kyle Conley has tried to keep many of his same events for both the boys and girls teams.

“I am confident our fall season will be played,” Conley said “It may have some things that are different, but we will play. I know that the boys are very anxious in having conversations with some of them.”

Many of the coaches and players are just ready to return to some kind of routine following the spread of COVID-19 and they hope sports can give that to them.

“As of right now, our season is scheduled, and we’ll plan accordingly if told differently,” Compliment said. “But for right now, (activities director Michael) Pickman has stressed that for most of the athletes, a return to summer weights/conditioning/activities will be their first taste of ‘normalcy.’ I’m excited to get back at it and see the athletes

and students again.”
