

LHS fall sports practices underway with precautions

With the cloud of a different looking fall season hanging over their heads, the Louisburg High School fall sports teams officially got back to work Monday for the first day of practice.

The possibility of having a shortened fall season due to the COVID-19 pandemic hasn't scared off Wildcat athletes from giving this season a go and making the most of it.

All four teams saw good numbers on the first day of practice as it was business as usual for many of those squads.

In all, Louisburg saw a total of 181 athletes come out for sports at the high school level. Those numbers will drop when volleyball and boys soccer makes their cuts, but it shows the athletes aren't afraid of what lies ahead and are excited to get their season going.

For the Louisburg football team, Wildcat coach Robert Ebenstein has 70 players out this season after the Wildcats finished last year with a 6-4 record and spot in the regional playoffs.

Practice has been similar than in year's past, even with COVID-19, however the players and coaches are doing their part to stay as healthy as possible. That includes players bringing their own water bottles to practice and coaches instructing with face coverings.

“The kids and coaches were very excited to get back to it,” Ebenstein said. “We have a very young group and it was good to see them get out on the field and compete.

“We are following all the guidelines passed down from KSHSAA, the county and general guidelines from our school administration. The kids have done an amazing job buying in and doing what we have to do to ensure we get our opportunity to play this season.”

On the volleyball court, the Lady Cats came together to try and put together another strong season. Louisburg finished last year with a spot in the state tournament and took fourth overall.

When practice began, Louisburg had 38 athletes out for volleyball and the Lady Cats will try and continue to work off what they have done over summer as they try and make it back to the state tournament. Practices have looked a little different than in year's past as players and coaches are wearing face masks at all times, unless certain physical

activities are taking place.

“I think the first few days have gone well,” Louisburg volleyball coach Jessica Compliment said. “We have a set of volleyball skill drills and physical tests that each athlete completes as part of the tryout process. Like every year, they are excited to get the season started. I’m sure there are different emotions because there are some unknowns. We are preparing to compete for the entire season but know there is the possibility it could be cut short or we could see adjustments to our schedules that are out of our control. We had 35 athletes, split among three teams, participate this summer in a league ran out of Olathe. Playing for six weeks over summer gave us an idea of what the season could look like and how we can adapt to the new guidelines that have been put in place.

“We are still practicing social distancing so we’ve adapted some of our drills to accommodate for that while also creating a competitive environment. We are encouraged to work in smaller groups when possible as well. As the season progresses, we’ll see the biggest changes come when we have a match because some pre-game protocol has changed as well as structure during a match. For instance, teams will not switch benches at the conclusion of a set.”

The Louisburg boys soccer team is coming off one of its best seasons in program history as the Wildcats reeled off 16 wins a year ago and won a regional title. Louisburg returns several starters from last season and the Wildcats currently have 43 players out.

Along with football, soccer is considered a close-contact sport and the Wildcats are doing everything they can to keep themselves – and others – healthy throughout the year.

“The first day of practice was a typical first day,” Louisburg soccer coach Kyle Conley said. “We were a little rusty, but we got through it. The boys are incredibly grateful for the ability to play the game they love. The boys have some massive goals this year and understand what it is going to take to obtain them.

“We made the kids have their masks on during breaks and their own water bottle. This will hopefully limit the chance of COVID spreading.”

The one sport that probably won't see too much change this season is cross country. The Wildcat runners are coming off a season in which they had a runner – Trinity Moore – take third at state and watched as the girls' team qualified for state for the third year in a row.

Louisburg still has high goals on both the girls and boys side and the Wildcats have 30 athletes out this season. Thanks to a successful summer of running workouts, Louisburg is ready to get its season underway.

“We are always excited to get started,” Louisburg coach John Reece said. “This year is not much different because we had a great season last year and the returners are very focused on improving over last year. Once summer running got started, a sense of normalcy crept in and we started getting ready for the season. They were excited to be with friends again.

“Not much has changed for us since there is not ‘contact’ during our races. The only thing that could change is how races are started to reduce numbers and losing meets due to a

large number of schools participating. We are already scrambling to get a first meet in this year. We will make it happen for the kids.”
