

KSHSAA proposes delay for winter sports

The 2020-21 winter sports season in Kansas could be delayed or reduced depending on the vote at the Nov. 24 Kansas State High School Activities Association Board of Directors meeting

During the KSHSAA Executive Board meeting Wednesday the board reviewed data on the impact of COVID-19 on activity programs around the state due to the rising number of positive cases and impact on the health care system.

The board unanimously approved a proposal from the KSHSAA staff to suspend competitions until Jan. 15, 2021 and extend the winter moratorium. That proposal is now in front of the KSHSAA Board of Directors, who will vote on the issue at 1 p.m. on Nov. 24. The board of directors has members from every league across the state.

One of those board of directors, Paola High School principal Jeff Hines, was caught off-guard by the news.

“I consider myself pretty up to date when it comes to issues with KSHSAA, but I had no idea this was happening yesterday,” Hines said. “I was in an administrator meeting that started at 10 a.m. and at 10:01 I received an email from KSHSAA with the executive board agenda for a meeting that had already started. This is a pretty important issue and I wanted to speak at the board meeting, but was told I couldn’t because the meeting had already started.

“I asked someone at KSHSAA why the agenda was posted sooner, and they said it was posted last week. I have searched the internet and I couldn’t find it. I have no doubt that they did post somewhere, but they need to make it more accessible so there can be more discussion on the issue. I was surprised the issue came up.”

The proposal which will be put up for a vote is as follows:

- Delay competitions for all winter activities until Friday, January 15.
- Allow virtual competition only in Debate and Scholars Bowl.
- Winter activity practice may continue where appropriate to do so through December 22. All KSHSAA risk mitigation protocols strictly enforced.
- Extend Winter Moratorium. Dec. 23 – Jan. 3; practices to resume Jan. 4; restrictions eliminate contact between coach/athlete/school and no school facility use.
- Tentative resumption of competition on January 15.
- No fans for competition, January 15-28.
- Limited fans Jan. 29 through remainder of winter competitions.
- Mandatory universal masking with exception to athletes in competition and officials during live action.
- No invitational tournaments.

High School Competition Limits:

- Basketball maximum 13 games per team.
- Bowling maximum 8 days per team/individual.
- Swimming and Diving maximum 6 competitions per athlete.

- Wrestling maximum 12 events, 20 competition point max.

Middle School Restrictions:

- No competition in December, practice only.
- No competition Jan. 1 – Jan. 14
- No events with more than three schools participating.
- Strongly encourage skill development.
- Strongly encourage intramural play only.
- Limit two fans per player starting Jan. 15.

As far as how the board of directors will vote on the issue, Hines isn't quite sure how it will go, but he doesn't believe the executive board was trying to sneak the issue past anyone.

"You can have two thoughts on the issue," Hines said. "One, all of the executive board members think delaying winter sports is a great idea. That is an option, I guess. Or two, all of the members thought this issue was too big for them to decide on and wanted to make sure to get input from all its members and allowing them to make that decision. I tend to think that is what they are doing here.

"Will there be some people that vote yes to delay sports? Yeah I think there will be, just because of the situation their districts are in, but I tend to think a majority of them will vote no. Just as far as how I will be voting, I will vote no because I think that each school board should be able to decide whether or not to have winter sports. They know their district better than anyone. That is what we did for the fall and I believe the same thing should happen here."

Louisburg wrestling coach Bobby Bovaird understands the concern with the rising number of COVID-19 cases across the state, but he knows there will also be an impact on the

student athletes if these activities are delayed.

“I totally understand why KSHSAA is considering taking action, but it worries me because a delay in starting competition could put us on the path to canceling the winter season altogether,” Bovaird said. “There have been wrestling tournaments happening across the nation since mid-July, and there have been very few cases traced back to the tournaments themselves. Coaches, wrestlers, officials, and tournament directors are taking precautions, and I hope that we’re able to continue doing what they’ve been doing.

“I’m afraid that a reduction in the number of competitions allowed would only further harm the kids in the sport. I get it, though. Covid-19 is real and we’re constantly reacting to it and rethinking how we can best protect our kids’ health. While we may be protecting kids and their families from the potential of infection, we would also be taking away opportunities where kids can learn invaluable lessons and come together as a team to bond in ways that you can’t get through the classroom, and we would be doing some considerable harm to their mental health.”

KSHSAA’s decision to potentially delay winter sports came on the same day Gov. Laura Kelly issued a new executive order on face masks after Kansas reported more than 5,800 new cases of COVID-19 on Monday.

Since the news broke, Hines has been hearing from people all over the area, who are voicing their concerns.

“There are a lot of people who are worried that their kids’ season might not happen, and I get that, but I would say that people need to temper their venom at the state association,” Hines said. “I think it’s is great that people are contacting their board of directors and letting people know their feelings, and we want to hear from those who are concerned. At the end of the day, I believe they will do the right thing for

these kids.”

As for Louisburg High School itself, administrators will be ready to implement any rules necessary as they hope the students get to play a full season.

“My reaction was to the kids and coaches it would affect who look forward to sports and saw their peers and themselves play in the fall with accommodations, only to be potentially denied their opportunity for a full season,” Louisburg activities director Michael Pickman said. “I understand the reasoning of the KSHSAA board, but I also understand the views of those who don’t want to see any changes. Luckily it is in the discussion phase and perhaps they will find a way for the kids to play while implementing some guidelines for keeping it safe, such as no fans.

“Whether Dec. 4 or Jan. 15 as proposed for starting competitions, we are still going to work to make it a safe environment for all and to limit risk. I am not in the medical field, so I won’t pretend to know if the delay will help lower the numbers. If it passes, then I hope that it does. Still, we won’t have a cure and will have the same need to implement safety protocol Jan. 15 as we would Dec. 4.”

“I want our students to have the opportunity to play and play safely, so my main concern right now is that the policies the district and athletic department have put in place are well thought out and followed,” Pickman added. “I think if we commit to following safety practices, we can still slow the spread regardless of the results of next week’s discussion and decisions by the KSHSAA board.”

Garrett Rolofson selected as 2020 Louisburg Sports Zone Male Athlete of the Year

Garrett Rolofson never considered himself as one of the top athletes at Louisburg High School.

Rolofson grew up playing the game of basketball, but never really had any interest outside of that. Then in his junior year, soccer and golf started to appear on his radar – and in two year’s time – became on the best players in the school at both.

During the 2019-20 school year, all Rolofson did was earn first team all-league and second team all-state honors in goal for the Wildcat soccer team. Then was a full-time starter on the Louisburg basketball team and was considered one of the top three golfers on a team that was poised to make another trip to the state tournament.

It has been a wild couple of years for Rolofson, but it ended with him being named as the 2020 Louisburg Sports Zone Male Athlete of the Year.

“Receiving the award for the male athlete of the year was a complete surprise to me,” Rolofson said. “I did not expect to be nominated for the award, let alone receive it, and I am honored. This award means a lot to me because it goes to show that all the time and effort you put into working towards your goals in the offseason really does pay off.”

The award, which is in its third year, is to recognize an outstanding LHS student athlete. Louisburg Sports Zone asked the head coaches at LHS to submit nominations and those nominations were then organized and submitted back to the coaches for a vote.

The coaches then submitted their top two choices and the number of votes were added up, which decided the winner.

Along with his all-league and all-state honors in soccer, Rolofson also holds the school record for most victories in a season with 16, second in shutouts with eight and third in saves with 82 in a season. He was a big reason the Wildcats were able to win a school record 16 games in 2019 and earn a league and regional title.

“Garrett was a fantastic goalkeeper and leader for us,” Louisburg soccer coach Kyle Conley said. “He went from not playing for a really long time to Miami County Republic goalkeeper of the year, first team All Frontier League and second team 4A-1A All State in his first year as a starter in our program. He was a tremendous leader and had a work ethic second to none. He, as well as, the other members of our defense helped lead the team to the 2019 Frontier League title and another regional championship. I could not be happier for Garrett as he is very deserving of this award.”

It was Conley who helped convince Rolofson to go out for soccer, in an albeit, very untraditional way.

“I remember I was lifting weights the summer before my junior year when I heard Coach Conley call my name and he threw a basketball at me,” Rolofson said. “I caught it and he told me to try out for the soccer team as a goalie. At first I thought he was crazy until I saw the comradery and family the soccer team had built and I got sucked in immediately. My favorite thing about the soccer team was that it wasn’t just a team it was a family. Every person on the team was a part of one big family and that was something special.

“From the coaches all the way to the new freshman, they were all welcomed in with open arms. Coach (Michael) Pickman coached me and taught me everything I know about the game from a goalie standpoint. Coach Conley taught me everything I know

about the game and taught us very valuable life lessons that will follow me forever.”

Rolofson also worked his way up the basketball ranks to where he was a full-time starter as a senior and brought a lot of tenacity for the Wildcats as they weaved their way through a difficult Frontier League schedule.

“Rolo has made so many strides athletically throughout his high school career,” Louisburg boys basketball coach Ty Pfannenstiel said. “He’s an incredibly hard worker and turned himself into an explosive, tough athlete. He was our toughest kid on the basketball court this year. He is a high character kid. We are really going to miss his leadership and I have no doubt he is going to be successful in the future.”

Basketball brought an experience that Rolofson won’t soon forget.

“Stepping onto the court on a Tuesday or Friday night with a buzzing student section behind you just gave me the chills every time,” Rolofson said. “The fans, support from the community, teammates and coaches made basketball special. Basketball is the longest season of the year and that provides countless hours with teammates building bonds and friendships that will last forever along with memories to go with it. I think that’s what I enjoyed the most was the friends and atmosphere the Louisburg community brought to the gym on game nights.”

Like soccer, golf almost never happened for Rolofson either. As it turned out, he was one of the big reasons the Wildcats qualified for state as a team a year ago.

The spread of COVID-19 didn't allow Rolofson an opportunity to see how his senior year would have turned out on the golf course, but the game helped change him in a short amount of time.

"Golf was something special, although we didn't get a senior season like we had planned," Rolofson said. "I am still thankful for the year I did get to play as a junior. The spring of my sophomore year I had never once set foot onto a

golf course and was something I could never have seen myself doing until Calvin Dillon convinced me to give it a try. From then on I fell in love with the game, but not only that, it was if every time my classmates went golfing I got invited as well even though I had barely played.

“The countless hours of fun competitions out on the golf courses all throughout the years were the best part about golfing. No matter where we played, how I performed, or how the team performed I always had a great time playing golf and that’s what made the sport so special to me.”

The overall aspect of playing three sports not only gave him confidence in the athletic arena, but it also provided him life lessons and a way to escape the everyday stresses in life.

“Staying active throughout all of my high school career was very beneficial to me not only as an athlete but as a person,” Rolofson said. “Sports have always been a big part of my life and allowed for me to get away from the stress and anxiety of the real world and enjoy the sports I love. I gained a passion for sports throughout high school and new passions for sports I never would’ve thought to try. Most importantly though, I learned the quality of leadership, teamwork and giving effort into everything you do not only in sports but in the classroom and in the real world.”

Sports taught Rolofson a lot of about work ethic, but it was his father’s experience that left a lasting impact on him.

Bob Rolofson suffered a brain aneurysm several years ago, and Garrett watched as his father – slowly, but surely – worked his way back through many obstacles that stood in his way. He saw his father’s strength and dedication and it is something that was contagious to Garrett and gave him motivation.

“Most importantly I want to say thank you to my parents for showing me what it really means to never give up and I think

without them I never would have been able to achieve any of the goals I have achieved this year," Garrett said. "Through my dad's brain aneurysm journey I was shown that if my dad can recover from such a traumatic brain injury, and work as hard as he did to be where he is today, that I can work just as hard. He showed me that I can do anything if I put my mind to it and I really took it to heart. I also want to thank my mom for always reminding me of that and pushing me to do my best in everything I do, not just sports."

2020 Athlete of the Year Nominees

For the past four years, Louisburg Sports Zone has given out Athlete of the Week awards during each of the three sports seasons. I do it to recognize special athletic achievements and to highlight the athletes.

For the third straight year, Louisburg Sports Zone will be handing out an Athlete of the Year honor to a male and female athlete at Louisburg High School. I wanted the opportunity to recognize those who exemplify what it means to be an "athlete."

Obviously, 2020 has not been the typical year when the spring was cancelled due to COVID-19. However, I still want to make

sure those athletes that were set to make an impact in the spring were recognized as well.

Although I am giving out the award, I wanted the process to be subjective, so I asked the head coaches at LHS to help me out. I asked each coach to send me nominations of who they thought exemplified the Athlete of the Year honor. They voted for their top male and female athletes and then I tabulated the results. I will release the results in the coming days.

Below are the nominees for this year's award in alphabetical order by last name. Congrats to all those who were nominated and best of luck!

Female Athlete of the Year Nominees

Haley Cain – Senior – Volleyball, Basketball, Soccer

Haley was a three-sport athlete during her time at Louisburg High School and recorded the rare feat of earning 12 varsity letters.

In the fall, she helped the Louisburg volleyball team to its third consecutive state tournament and was selected to represent Kansas in the Greater Kansas City All-Star Match. She was also named to the All-Frontier League second team as a middle hitter.

Cain was also a two-time team captain for the Louisburg girls basketball team and was a key player for the Lady Cats this past season. She was also set to be a big contributor for the Wildcat soccer team in the spring as well.

Trinity Moore – Senior – Cross Country, Soccer

Trinity made cross country history for the Wildcats this past season as she medaled third at state and broke her own school record in the process. The Louisburg senior also medaled at state all four years.

Moore was also a returning starter for the Wildcat soccer team and was a key factor in helping the Wildcats to three consecutive state final fours and two state runner-up finishes.

She started 43 games for the Wildcats and concluded her career with 18 goals and eight assists. She is fifth in school history with 44 points.

Erin Lemke – Senior – Volleyball, Soccer

Erin was another multi-sport athlete for Louisburg as she was a member of the volleyball and soccer teams. Lemke was an outside hitter for the Lady Cat volleyball team and was selected to represent Kansas in the Greater Kansas City All-Star Match.

On the soccer team, Lemke was a two-time team captain for the Wildcats and was a returning all-league and all-state player. She was also one of the team's top goal scorers.

Lemke had a very productive career for the Wildcats as she started 48 of her 59 games and earned all-league and all-state honors as a sophomore and a junior.

She finished her career with 29 goals and 27 assists and Lemke has the second-best assist mark for a season in program history with 17 and is third in career assists. She also added seven game-winning goals.

**Reilly Ratliff-Becher – Senior – Volleyball,
Powerlifting, Softball**

Reilly was a multi-sport athlete for Louisburg High School as she competed in volleyball, power-lifiting and softball. She was an honorable mention all-league selection in volleyball as she served as the Lady Cat libero.

Ratliff-Becher was a big part of the Lady Cats' state tournament runs the last three years. She was also selected to participate in the Greater Kansas City All-Star game last November.

As a powerlifter, Reilly recorded her second-straight state championship and took first in each of the three individual events.

Ratliff-Becher was also a returning starter on the Lady Cat softball team after she helped Louisburg to a state tournament appearance a year ago as a catcher and outfielder.

Male Athlete of the Year Nominees

Garrett Rolofson – Senior – Soccer, Basketball, Golf

Garrett is a three-sport athlete for Louisburg as he was a member of the soccer, basketball and golf teams. In soccer, Rolofson served as the Wildcats' goalkeeper and helped Louisburg to a regional title and a school record 16 wins.

Rolofson was named to the All-Frontier League first team and to the all-state second team. He posted eight shutouts on the season and allowed only 17 goals, four of which came from penalty shots. He also finished with 78 saves on the season and allowed the second fewest goals in Class 4-1A.

In basketball, Rolofson was a starter on the Wildcat basketball team and this spring he was all set to help the Wildcat golf team to their second consecutive state tournament appearance. He was the team's No. 3 golfer a year ago.

Madden Rutherford – Senior – Football, Baseball

Madden was a multi-sport athlete for Louisburg as he was a key member of the Wildcat football and baseball teams.

Rutherford, who was a team captain on the football team, was selected as a first team All-Frontier League quarterback. Rutherford finished the year with 671 yards passing with eight touchdowns and he also added 245 yards on the ground and four more scores.

On the baseball team, Rutherford was also a returning all-league player and was slated to be the Wildcats' No. 1 starter this spring.

Wildcat athletes report back for summer conditioning

Almost 80 high school girls attended the first day of summer conditioning on Monday at Louisburg High School.

For the first time in almost three months, Louisburg High School and Louisburg Middle School athletes found themselves back on the field starting Monday at Wildcat Stadium.

It didn't include any balls, equipment, weights and wasn't indoors, but more than 300 athletes participated in the mandatory conditioning drills that were set by the Kansas State High School Activities Association.

"The turnout was exceptional, and considering the limit on group sizes, distance restrictions, and getting creative in using multiple spaces to accommodate the large numbers in appropriately sized groups allowed in phase three, these coordinators did a great job setting a standard," Louisburg activities director Michael Pickman said.

This was all following the cancellation of the spring season to the spread of COVID-19 and KSHSAA allowed school districts to begin conditioning exercises on June 1. The Louisburg school district started this past Monday and each athlete must participate in 10 sessions before being able to attend in any team activities or camps.

Several coaches were in attendance running athletes through drills in three separate stations that would allow some space between everyone. Football coaches Robert Ebenstein, Ty Pfannenstiel, Joel McGhee and Drew Harding were on hand to lead drills, along with other staff from within the USD 416 school district.

“There are many coaches who are volunteering and just want to be there to support their athletes,” Pickman said. “It’s what makes the LHS coaching staff stand out from others. However, I have encouraged coaches not directly coordinating weights to stay home as much as they can with numbers restrictions, but so far we haven’t had that be an issue.”

High school boys begin each morning at 6 a.m., for the hour-long workout and high school girls follow and then it all finishes up with middle school. To start there were 121 high school boys in attendance, 79 girls and 126 middle school students.

More than 120 Louisburg High School boys attended the first day of summer conditioning at Wildcat Stadium.

To start the day, each athlete is screened before the start of

conditioning with a temperature check and then they are divided into three groups. Each of them will participate in three stations that focuses on different workouts. There are no more than 45 athletes in a group and the coaches design workouts to promote the six feet of distance.

“There were temperatures that needed to be taken and protocol for sanitizing hands and checking in that went efficiently and smoothly overall,” Pickman said. “A lot of planning went into this with the coaches to make sure it went well. And Mr. Holloway (LHS principal) volunteered his time to help take temps at the various sessions.”

As far as cross country goes, interested runners instead attend running sessions held by coach John Reece that will take place throughout the summer and they do not have to attend conditioning.

Whenever the athletes have completed their 10 sessions, they are allowed to participate in team activities the rest of the summer. As of right now, everything is on track to allow athletes to begin attending camps after June 29.

“Everything is progressing so far to according to schedule,” Pickman said. “Assuming the governor’s phase out stage begins when it is supposed to, we will be ready to begin using the weight room, gyms, and sports equipment. Coaches will be able to have practices and then middle school and high school age camps after June 29. The younger kids who do not have to have the 10 days of acclimatization are able to run the week of June 22. With the schedule the way it is, kids should have no problem getting their 10 days of acclimatization needed to participate in camps.”

Dennis leaves lasting legacy in Louisburg, LHS athletics

Damon Dennis, and his wife Karla, pose for quick picture during a timeout at a Louisburg High School basketball game Dennis was announcing. Dennis, who is better known as Doc D, is handing over his business at Louisburg Chiropractic Office to Dr. Jacob Polzin and is stepping away as the LHS team doctor after 28 years of service. His last day at the office is tomorrow (Saturday).

Almost every day of the week, if you were looking for Damon Dennis, he could be found at his office on 11 S. Broadway St., helping treat those pesky aches and pains, taking X-rays, or mending those beaten up athletes after a game.

Doc D – as he is affectionately known – opened Louisburg Chiropractic Office 28 years ago and has served as the Louisburg High School athletic team doctor for almost that same amount of time.

Dennis has seen it all. The walls in his office are lined with mementos from his years of service to both the community and the high school.

He has taped thousands of ankles, seen even more patients and has touched many lives during his time in Louisburg. That is why this week is one of the more emotional times in his life.

On Saturday, he will officially leave Louisburg Chiropractic Office and hand the reins over to Dr. Jake Polzin. Add to

that, Dennis is also stepping away as LHS' team doctor and will leave an absence on the sidelines and behind the mic that many in Louisburg have come to know.

"My decision to step down and sell the practice has turned out to be the hardest thing I have ever done," Dennis said. "I have poured everything I have into my job and community. It has become my entire existence. I was taught from a young age to serve others and your community. I feel like the pressures I have put on myself have become unhealthy. I have put about 40 years work in to 28 and feel like there is never going to be a good time to make such a huge life change.

"That being said, I feel like I need to make changes while I am still able to do the things that will be best for my family. Dr. Polzin came along and I think he will carry on the work at the office wonderfully. We are a lot alike in many ways. I could not have found anyone better to replace me."

For many, Dennis has been a big part of people's lives, especially in the athletic arena. He has served as the LHS team doctor since 1992 and has treated many athletes in those 28 years.

Dennis (left) and Dr. Jake Polzin pose for a picture in their office. Polzin will officially take over the practice from Dennis after this week, but both have been seeing the patients the last three months.

During the school year, Dennis would leave his place of business every day after 3 to go to the high school to tape up athletes from all different sports and made sure they were all ready to go for practice. After that was over, he would rush back to his office to finish the day treating his patients.

It would be hectic life for some, but it is one that he has treasured for the last nearly three decades.

“My time in practice has been a blessing,” Dennis said. “I truly care about all of the patients and people in the community that I have been involved with. I have tried to be a positive impact on the town through my involvement in different organizations. As with any business, there are bumps in the road. I genuinely appreciate everyone who has had a positive impact on me through these years.

“I have poured my heart and soul in to every aspect of my business and involvement in the community, sometimes at the sacrifice of my wife, Karla. I am eternally grateful for her patience and love. Part of the reason why I am handing over the reigns is that I have a lot of making up for time to do.”

Damon Dennis (middle) walks out of the locker room with the Wildcat football coaches prior to a game.

Dennis and his family have made a lot of sacrifices during his

time and many of the Wildcat coaches – both former and present – appreciate what he has done for them and their players.

“As far as what he has meant to the community, it is immeasurable,” longtime former coach Gary Griffin said. “He came in the first year and made himself available to all the coaches and was there for whatever the kids needed from the medical stuff, to a new pair of shoes, or money to go to a team dinner. He was even there to lend an ear to a kid that was having issues from girlfriends, teacher issues or problems at home.

“For me personally, he was a cheerleader when times were not good, he was an advocate for kids when I didn’t always know what was going on behind the scenes. I trusted Doc like he was a member of the coaching staff. I told him a lot of things in confidence so I could get his advice knowing it would not go any further. As far as the community goes, he is a pillar and he is involved in everything and is held in high regards by most. It is really hard for Doc to tell anyone no, so most of his days are longer than just his office hours. Doc is going to be missed in so many ways. He is a very humble man and he is very deserving of slowing down and enjoying the fruits of his labor.”

A Small Beginning

Back in June of 1992 is when Dennis began to plant his roots in the town he would begin to call home.

Dennis purchased the small satellite office from Dr. Larry Fulk, who at the time also had a practice in Paola. Dennis was less than a year out of school and was eager to get involved in the Louisburg community.

Two months later, Dennis reached out to then Louisburg High School administrator Doug Chisam and asked if he could serve as the team’s doctor – free of charge. Since August of 1992,

Louisburg High School would not be the same.

Dennis made trips over to the high school for treatment and would also follow many of the team's to their games after work was over. It was a life that would go on to create many memories.

"Jim Knox, Don Meek and Doug Chisam were all very supportive and I am forever in their debt," Dennis said. "I started out just going to all games, home and away, and every sport that I could. At that time I was in the office from 6 am to 7 pm and then off to games 3-4 nights a week. The things I have always enjoyed about being the team doctor was the kids and the coaches. High school athletes have not changed since day one. They want someone who cares about and shows interest in what they are doing. I am still close with a lot of the students who have come through the high school and will continue to be.

"My role evolved over the years. I began doing all the taping before practice and games, Impact testing, announcing basketball and other roles as the coaches requested. I enjoy helping others and that is how my role evolved in to so many other areas. Over the years, the coaches have included me and I will always be grateful to them for allowing me to be a part of the experience."

Damon and his wife Karla pose for a picture in front of his office back in the early 90s.

His role got even bigger when the new high school was built and Dennis was asked if he would like to announce basketball games. He certainly didn't mind having a mic in his hand and loved playing off the crowd and making sure the athletes felt a little extra special.

"We had a girls' tournament and Dave Tappan asked me if I would announce the game," Dennis said. "He thought it would be a nice touch to have an announcer. I am not sure he ever asked me to continue, I just did it. I had to be at games anyway and I like to talk, so it worked out. Dave never said to quit, so I just kept doing it.

"I really did enjoy that. I would try to throw in a little funny once and awhile just to see if people were listening. Dottie Cook had a birthday every game night for several years. Knowing the kids so well, it was fun to add their middle name or nickname at the game."

Tappan, who is currently the USD 416 assistant superintendent, worked as the LHS activities director and principal during many of Dennis' years in Louisburg and the two became quick

friends.

With that, Tappan is well aware of Dennis' work ethic and commitment to Louisburg athletics. In fact, he has seen it firsthand.

Doc D lets out a cheer on the sidelines following a big play during the Wildcats' 2010 state championship game.

"Most people know that Doc doesn't take vacations very often," Tappan said. "In fact, it usually takes a team of us to get him out of the office for more than a day. But in 2010, he and Karla scheduled a trip over Thanksgiving break to Chicago. Well, that was also the year of our run to the state football championship and there was no way he was going to miss it. In typical Doc D fashion, he lined things up to perfection. He takes a 5 a.m. flight from Chicago to Kansas City, has Karla drive him to the Legends off of I-70 and at about 6:30 I'm

picking him up and we beat the team to Salina. When the bus finally rolls in, he looks at Coach (Gary) Griffin with a grin and says, 'What took you so long?' About four hours later we were celebrating a championship.

"The commitment that Doc D has demonstrated over the years to the students of Louisburg schools is second to none. From the football sidelines on a Friday night in the fall, to being behind the mic in the LHS gym during basketball season, Doc always supported the students, the coaches and the administration of USD 416. I am proud to call Damon Dennis my friend."

Beyond The Call of Duty

Running a business can be difficult enough, but when you have other responsibilities on top of all that, it can be stressful at times.

The coaches at Louisburg High School never got that when working with Doc D. Veteran and young coaches alike were amazed at the dedication he displayed.

"Doc D is one of the most honest and honorable men I have ever met," Louisburg soccer coach Kyle Conley said. "He has donated countless hours and years for helping Louisburg student athletes. He always went out of his way to help anyone and everyone. He wasn't always just helping players. He would always check in on the coaches as well – checking on their well-being, their teams, and their families.

"Doc always went out of his way to make someone feel important and special. He was NEVER too busy for anyone. He will be greatly missed and he is irreplaceable. Thank you Doc D for everything that you have done for my teams, my family and for myself. You are someone I am lucky enough to call a friend."

That dedication would not only be found after school in the evenings, but even before the sun came up as well.

Doc D checks out Louisburg's Hallie Hutsell following an injury during last soccer season.

"Doc D will be greatly missed," Louisburg volleyball coach Jessica Compliment said. "He unselfishly devoted many hours to our athletes and was always a phone call or a text away. I can't count how many times he would meet myself and an athlete or two at the school at 5:30 a.m. prior to departure for a volleyball tournament. Not only was he a great role model and mentor for the athletes, but he served as a great mentor to a young coach for the past 14 years. He will be greatly missed by many."

However, where Dennis is most recognized was on the football sidelines. He did anything from tending to injured athletes, mentoring future trainers and handing out free food or candy to the student section before certain games.

It wasn't gone unnoticed as many around the school and

community know what Doc D has meant to the district.

“If Louisburg had a Mt. Rushmore, Damon would definitely be up there,” Louisburg graduate and longtime coach Jeff Lohse said. “Doc is one of the most selfless people that I know. He was always more than willing to help anyone out and never expected anything in return. I consider Doc to be a great friend of mine and this is definitely bittersweet. I wish him and Karla nothing but the best as they open up this new chapter in their lives. Damon will be missed but his legacy in Louisburg will live on forever.”

Dennis always made sure to welcome the new coaches to the district and made them feel a part of the family and that was the case with boys basketball coach Ty Pfannenstiel when he came to the school three years ago.

Doc D was presented with a team signed helmet following the team's award banquet two years ago.

"Doc D is the most selfless man I know," Pfannenstiel said. "What Doc gave to this school and community is unprecedented. He cared so much for all of our athletes, there's no way we are going to be able to replace what he brought to this school. I feel bad for whoever is going to come in and try to fill his shoes – he set the bar way too high."

Dennis has been on the sideline for many of Louisburg's greatest athletic achievements, including three state football appearances and has watched many athletes along the way achieve great individual accomplishments.

He knows that he has been blessed to be able to be a part of Wildcat athletics in one form or another the last 28 years.

“As for favorite memories, it is not always about the wins and losses,” Dennis said. “The things I have most enjoyed is the time spent with athletes and coaches. The things that go on in the locker room, before and after games were the fun part. I have had a behind the scenes view of some pretty amazing people.

“Obviously the 2010 state football championship is at the top of the list. We had gone to the championship twice and come home in second on two occasions. It was a great group to be around and a great experience. If I had to choose a group of kids that really stand out the most, it would be the seniors my first year here (class of 1993). They welcomed me with open arms and made me feel like I was appreciated. I still speak to members of that class often and consider them friends. It was a really special group. I also loved seeing kids accomplish their dreams of success. Louisburg has had its share of champions and athletes that have gone on to do some amazing things.”

Doc D was also good with equipment as he works on Madden Rutherford's helmet prior to a game.

In his last week at the office, Doc D has seen a lot of visitors that have come to thank him for everything he has done. Although Dennis won't be around as much as he used to, he wants people to know that this isn't a farewell – but more of a see you later.

“I want everyone to know how much I appreciate their kind words,” Dennis said. “There has been talk of various activities surrounding my career change that have been proposed. While I genuinely appreciate this, I don't think I can handle the attention. My emotions have gotten the better of me and I am not sure that I can handle any celebrations publicly, unless everyone wants to see me cry.

“I am not going away. I just won't be at 11 South Broadway or at the high school every day. Thank you to everyone that has

supported me as I have made every effort to support my community.”

No, Doc – thank you...

LHS sports preparing to start back up in June with summer workouts

Kansas high school sports has been absent since the middle of March due to the COVID-19 pandemic, but that all could change very soon.

During its board of directors meeting earlier this month, the Kansas State High School Activities Association made a change to its summer regulations. Starting on June 1, school employed coaches may begin summer programs as long as it is permitted by the community’s health authorities and the school district.

Coaches at Louisburg High School are making plans to move forward beginning the first of June, but they must meet some guidelines to do so.

In the first two calendar weeks in June, athletes will need to attend a conditioning session each day. Those must be completed to be able to participate in a coach’s camp or

organized competition.

If an athlete is playing football, they must complete an extra five days of conditioning before being able to participate in competition.

The first two weeks of conditioning sessions will not involve weights, indoor facilities or sporting equipment to ensure safety. Masks will be optional at workouts, but six feet of distance will be in place along with no more than the 90 gathering restriction under the phase 3 guidelines put out by the state.

Then on June 15, barring no setbacks, conditioning will include indoor weight sessions and indoor facilities will be allowed. Coaches will also be able to hold camps and competition throughout the summer.

Louisburg football coach Robert Ebenstein has plotted out summer workouts for his football team beginning with three weeks of conditioning starting June 1

“I think the guidelines were set to help ensure the safety of all student athletes accords the state, along with their physical health as well as the preparation for the season,” Louisburg football coach Robert Ebenstein said. “Challenges may be there, but overall they are irrelevant as all the teams in the state have to follow the same guidelines. Our school administrators have been very supportive throughout this process.”

Along with the new changes, KSHSAA also lifted the moratorium period at the end of the summer and will allow teams to practice all the way up to the beginning of the school year. Fall sports, however, will take precedence from Aug. 1 through Aug. 15.

For some programs, the changes won't be much different as what they have experienced in the past, other than practicing social distancing through the first two weeks of conditioning.

“We are still allowed to compete in leagues and camps after all athletes have completed 10 days of conditioning/training,” Louisburg volleyball coach Jessica Compliment said. “Our summer weights program is changing some this summer, so it gives the players a chance to acclimate back into workouts before putting a ball in their hands.

“When you really look at the schedule, we lost the first two weeks in June (in terms of volleyball skill work), but we gained the moratorium week and have full contact until August 16. The fall season starts on August 17. Normally, we can't have contact, outside of weights and conditioning, after mid-July. This actually gives us about four weeks on the back end of summer to work with the athletes.”

Louisburg volleyball coach Jessica Compliment has her normal summer scheduled planned out despite a different start.

Still, the new-look summer won't be without its challenges – especially in the first 10 days of the summer calendar. However, the coaches and athletes will gladly work around the new rules in order to get back together and competing again.

“I think the new guidelines will help kids get back to some normalcy as long as everything continues to get better, but the six feet of social distancing could be challenging when you are coaching a team sport,” Louisburg soccer coach Kyle Conley said. “We will find a way to overcome these challenges and help the kids develop as much as possible.”

Coaches have already altered their camp schedules for the summer, and that information, along with a list of camps, can be found [here](#).

As for Louisburg cross country, the runners will also be going through a conditioning period like everyone else. They will meet at the football practice field at 7 a.m. for an hour every morning beginning June 1 and that will continue through the summer.

Since school has been out since the middle of March, coaches have tried to find a way to stay in touch with their players – and like with online schooling – the zoom platform has been a big help for coaches.

“Football has been doing online zoom workout together for those currently in high school every Monday, Wednesday and Friday while we have been out of school, so I have still been seeing them and they have been doing some cardio,” Ebenstein said. “We have as normal of a summer planned as possible. We will have our weights sessions, our team camp, review/skills night, and we will have our contact camp that KSHSAA is allowing.”

With everything going on around the state and the country, everything is still in limbo and dates could have to be altered once again depending on what local officials decide. Even with all that, the coaches believe there will be a fall season.

Louisburg soccer coach Kyle Conley has tried to keep many of his same events for both the boys and girls teams.

“I am confident our fall season will be played,” Conley said “It may have some things that are different, but we will play. I know that the boys are very anxious in having conversations with some of them.”

Many of the coaches and players are just ready to return to some kind of routine following the spread of COVID-19 and they hope sports can give that to them.

“As of right now, our season is scheduled, and we’ll plan accordingly if told differently,” Compliment said. “But for right now, (activities director Michael) Pickman has stressed that for most of the athletes, a return to summer weights/conditioning/activities will be their first taste of ‘normalcy.’ I’m excited to get back at it and see the athletes

and students again.”

Pickman named as new LHS activities director

Michael Pickman (left) was hired as Louisburg High School’s new activities director and assistant principal last week following the USD Board of Education meeting. Current Louisburg AD, Scott Hinkle (right), will move to the middle school to serve in the same capacity starting next school year.

Louisburg High School will have a little different look to its activities department for the 2020-21 school year.

Following the USD 416 Board of Education meeting on April 13, Michael Pickman was hired to serve as the school’s new assistant principal and activities director. Pickman will replace Scott Hinkle, who has been in that position for the last two years.

Hinkle will remain in the district and will move over to the middle school to serve in the same capacity.

“I had known for a while that I wanted to continue my education by getting a second master’s degree, but I didn’t really know which area,” Pickman said. “I talked with current

administration and was both inspired and encouraged to explore administrative leadership. This is the job I wanted because it meant staying in Louisburg and continuing to work with the staff and coaches who I know have, can and will achieve great things when it comes to our students and student athletes.

“We are a Louisburg family and I want my daughter in the Louisburg community and school system, so I wouldn’t have done this anywhere else. The atmosphere from district leadership to the building leadership is top notch and I am ready to grow as an educator and work alongside (principal) Jeremy (Holloway) and the administrative staff at the high school and the amazing coaches and support them.”

Pickman has taught English at the high school for the last seven years and has also worked in the Prairie View, West Franklin and Maur Hill Prep school districts.

He has also spent a lot of time in the athletic arena as he has served as the Wildcat boys and girls soccer assistant coach, alongside head coach Kyle Conley, for the last five-plus years.

“It will be tough to give up all aspects of it, but the magic of these soccer programs will be especially difficult,” Pickman said. “Kyle has been an amazing person to coach with and his passion is contagious. Getting to start the girls program with him and the immediate success has been amazing. State finals and big wins and the atmosphere – some don’t ever get to experience that – and lastly the players, both boys and girls who have graduated and those who remain to carry on the greatness are why I said yes to coaching. They make the whole experience amazing and fun.

“So it will be hard, but I would also not have gone anywhere else to do a different job and so I will still be able to support the soccer players and every other student and athlete through my new opportunity and to do so the Wildcat Way.”

As for Hinkle, he spent the last two years as the LHS activities director after coming from Liberal High School. He is excited that his new position at the middle school will allow him to spend more time with family.

“I really enjoyed my time at the high school, even though it was only two years,” Hinkle said. “I am leaving behind a great workplace with a great culture and an unbelievable staff. It was not an easy decision.

“I made the move to the middle school to get back some evenings and weekends. I have been an athletic director for 11 years at the high school level in my career, and I was ready to free up some time. I know I am joining another great staff at LMS, and look forward to the new challenge ahead of me.”

Wildcat boys earn three spots on all-league team

Louisburg sophomore Julian Margrave was a unanimous selection to the All-Frontier League first team and was one of three Wildcats to be named to the team.

The Frontier League was one of the better leagues in the state in Class 4A as it sent two teams to the state tournament this past season.

Among them were several talented players and Louisburg had three players recognized on the all-league list that came out last weekend – among them was one of the best players in the league.

Sophomore Julian Margrave earned first-team honors, while juniors Weston Guetterman and Ben Guetterman were both named to the honorable mention squad for a Wildcat team that finished their season with an 8-13 record.

“This is the best our team has been represented in my three years so I’m pleased,” Louisburg coach Ty Pfannenstiel said. “When Piper, Bonner, and Tongie joined the league last year, that made it even tougher to make the all-league teams, so it’s impressive that we were well represented. I thought Julian, Weston and Ben all had great seasons and were very deserving.

“I’m glad the coaches of this league recognized them for that. These things just don’t happen. These kids work for it. When your best players are your hardest workers, you’re always going to have a chance. Our expectations are high for next year and I look forward to continue working with these guys.”

Margrave was a unanimous selection for the first team among the league coaches and was among the top scorers in the league.

As a sophomore, Margrave averaged 16.3 points a game to go along with seven rebounds.

“Julian

had an incredible year," Pfannenstiel said. "He meant a lot to our team, especially on the offensive side, so for him to take on that role as a sophomore and produce the way he did was very impressive. He was the second leading scorer in the Frontier League this season, which is incredible when you think about the great players and teams in this league.

"Julian works hard. He's always the last one to leave the gym every day, so it doesn't surprise me one bit that he had such a breakout year. Julian was a unanimous selection for first team, so that shows you what the coaches in this league think of him as well. I'm just glad we have him for another two years. He's just scratched the surface of what kind of player he is going to develop into."

Louisburg point guard Weston Guetterman was an all-league honorable mention selection

Point

guard Weston Guetterman and shooting guard Ben Guetterman both had strong seasons for the Wildcats as they were among the league leaders on the team in scoring.

Weston

averaged 11.2 points, to go along with four assists and a four rebounds a game.

Ben finished the year as he averaged 11.1 points a contest and 5.5 rebounds.

Junior shooting guard Ben Guetterman earned honorable mention all-league honors.

“Weston was so valuable for us at the point guard position,” Pfannenstiel said. “He was the primary ball handler for us and did a great job of handling the defensive pressure that teams would put on us. Not only did he control the ball for us, but he was a big scorer for us as well. He had some big nights for us offensively and brought a lot of energy and leadership each night.

“Ben had a big year and he is an explosive offensive player and a very good rebounder. His biggest offensive nights were when he had big offensive rebound numbers. Ben is a kid that

when he plays with confidence, teams have a tough time stopping him.”

**Despite furious comeback,
Wildcats fall to Iola in
overtime**

Louisburg junior Weston Guetterman drives to the basket for two of his 17 points Wednesday during the Class 4A sub-state semifinal in Iola. Guetterman tied the game with three seconds left on a lay-up to send it to overtime.

IOLA – Louisburg found itself down 20 points on the road in the fourth quarter Wednesday against Iola in the Class 4A sub-state semifinals and its season looked lost.

The end of the Wildcats' year appeared imminent – that was until they put together their best quarter of basketball all season. Louisburg scored 32 fourth quarter points and rallied to force overtime

Unfortunately for the Wildcats, that rally didn't extend to the extra period. Iola controlled the overtime and ended Louisburg's season with a 77-68 win.

"It was a tough game," Louisburg coach Ty Pfannenstiel said. "We were flat and we played poorly for three quarters. It would have been real easy to pack it in, but we made a heck of a comeback in the fourth quarter to give us a shot. Things just didn't go our way in overtime."

Things weren't going the Wildcats' way through the first three quarters as Iola shot better than 55 percent from the field, while Louisburg struggled to get things going

offensively as it scored 16 first half points. The Wildcats trailed 30-16 at halftime, despite getting out to a 6-0 lead to start the game.

Louisburg (8-13) was behind 50-30 to start the fourth quarter and Iola was in firm control of the game, but the early in the final period, the Wildcats were able to catch a break.

Iola point guard Calvin Delich was issued a double technical foul and was ejected from the game, which helped give the Wildcats new life as they began their improbable comeback.

“That was huge,” Pfannenstiel said. “He was their point guard and we were able to get points out of it with the clock stopped. Plus, it took out a ball handler and a key to their offense.”

The Wildcats then turned up the pressure defensively and were able to get several key stops and force turnovers down the stretch. The Wildcats forced 18 turnovers for the game, many of those coming in the fourth quarter and they scored 19 points off those Iola mistakes.

Louisburg was down 57-45 midway through the quarter, but went on an 11-0 run thanks to five straight points from Julian Margrave, a basket from Garrett Rolofson and back-to-back scores from Weston Guetterman to cut the lead to one.

It was a two-point game with under 10 seconds remaining, when Guetterman drove to the basket and converted the lay-up with three seconds left to tie the game and force

overtime.

Senior Michael Waldron puts up a 3-pointer Wednesday against Iola.

“Weston is aggressive and when he can get downhill and get the ball to the rim he is a force in there,” Pfannenstiel said. “He has been out with some sickness, and every timeout that we called he was coughing in the huddle, so for him to gut it out like he did – we really needed that. All our kids made plays to get it to overtime, but we just didn’t quite have enough.

“We picked up some full-court

pressure and picked up some turnovers and our defense definitely sparked our offense. We were just playing with a lot more energy. Moving forward, we have to understand that we have to play hard for 32 minutes. Every team is good, and every team has good players, and if you don't execute and play with energy then you can get yourself in a pretty big hole. We had no margin for error in the fourth, but just fell short."

Iola outscored the Wildcats 15-6 in the overtime to pull away as it converted at the free-throw line to seal the win. Iola would go on to face Piper in the sub-state championship, but Piper won 68-30 and was one of two Frontier League teams to make it to state. Ottawa was the other team as it defeated Independence, 48-42.

Margrave helped bring the Wildcats back as the Louisburg sophomore scored a team-high 23 points and nine rebounds. Guetterman also finished in double figures with 17 points and added a team-high six assists and four steals.

Rolofson, a senior, made an impact in his final game as a Wildcat as he tallied 12 points and nine rebounds, while junior Ben Guetterman added nine points. Fellow senior Michael Waldron also had a team-high four steals to go along with six points.

"It's tough," Pfannenstiel said of the loss. "I told the guys that I wasn't prepared to give that (end of the

season) speech and really it is hard to find the right thing to say after a game like that. The one thing I can say is that they are good kids and they showed great commitment to this program. They represented and school with a lot of character and pride. That is what we will remember the most of these guys is what they have done for our program and their commitment to the offseason workouts and being good kids and role models.

“We thank our seniors for everything they have done for us and they were a big part of our program. We also have a lot of young kids on the court and hopefully we can use this game as motivation to get better for next year.”

Louisburg comes up short to rival Paola in final regular season game

PAOLA – Despite getting off to a good start, Friday’s game with Paola didn’t have the ending the Louisburg boys basketball team was looking for.

The Panthers scored 40 points in the second half and took advantage of some Wildcat miscues as they handed Louisburg a 64-52 loss at Paola High School in the final game of the regular season.

“It’s always tough to lose, because there’s been so much time and effort invested in preparing for it,” Louisburg coach Ty Pfannenstiel said. “Paola has some explosive athletes and they made some big plays down the stretch. Defensively, we were really good in the first half. We started the second half very poorly which gave Paola some confidence and momentum.”

Turnovers helped give Paola the momentum it was looking for as the

Wildcats turned it over 18 times, which led to 17 points for the Panthers. It erased a good start for Louisburg.

The Wildcats (8-12) took a five-point lead at the end of the first quarter and held on to it as they led the Panthers 29-24 at halftime.

The second half wasn't as kind to Louisburg as the Wildcats were outscored 15-6 in the third quarter and they weren't able to regain the lead. Louisburg did put up 17 points in the final frame, and eventually cut Paola's lead to 53-49, but it wasn't enough as the Panthers pulled away – thanks in part to Paola's 20-for-23 performance at the free-throw line.

“The turnovers hurt us,” Pfannenstiel said. “Turnovers are empty possessions. You aren't going to win many games turning it over 18 times. We have to do a better job of valuing each possession. Paola shot it a lot better in the second half, which gave them some extra energy. We made a run there at the end, but couldn't get over the hump. It was a good high school basketball game. We just have to make a few more plays to be able to win on the road.”

Junior Ben Guetterman led the Wildcats in scoring with a game-high 22

points,
including four 3-pointers, and sophomore Julian Margrave also scored in double figures with 11. Senior Michael Waldron added eight, while junior Weston Guetterman had seven points and seven assists.

Paola had four players in double figures, including a team-high 17 points from Ryan Wokutch and 14 points from Trey Moala.

Louisburg will try and start fresh as the Wildcats earned the No. 10 seed in the Class 4A East playoffs and will travel to No. 7 Iola for a 7 p.m. tipoff Wednesday. The winner of that game will play the winner of No. 2 Piper and No. 15 Atchison for the sub-state championship on Saturday.

“The postseason is always an amped up time,” Pfannenstiel said. “Your season is on the line. In the senior’s case, their high school career is on the line. We have a great opportunity in front of us and it’s moments like these that motivate us to work so hard all year. Our kids will be ready.”
