Bovaird excited to take over Wildcat boys soccer program

Bobby Bovaird was hired as the Louisburg High School head boys soccer coach last month after resignation of former coach Kyle Conley, who left after seven seasons. Bovaird spent the last two season as the Wildcat assistant coach.

When Bobby Bovaird signed on as the Louisburg High School assistant boys soccer coach a couple years ago, it was a reunion of sorts.

Bovaird, who is currently the school's wrestling coach, had just been focusing on that sport and had gotten away from a sport he loved growing up.

"Soccer has been a part of my life since I was in elementary school," Bovaird said. "I'd gotten away from it when I started teaching and taking on head wrestling duties, but I loving being a part of the sport again.

"My son has been getting more and more into soccer the last few years, and I was his rec coach for a long time. When he transitioned to competitive soccer a few years ago, I found myself watching his club coaches quite a bit and looking at how the game has changed, as well as what drills they use."

He had the opportunity to get back into the soccer world and has enjoyed it ever since. With a chance to work under former coach Kyle Conley for the last two years, now he is looking forward to the next step.

Bovaird was hired as the school's new head coach after Conley resigned his position back in May. It is a challenge he is looking forward to taking on as he is just the third head coach in program history.

"I'm really excited," Bovaird said. "The last two years, I got a chance to closely observe one of the best coaches in the state first-hand, and I've become really familiar with how Coach Conley approached his vision for the program. I've also gotten to know the players pretty well.

"We're going to be using quite a few of the familiar drills that we've done in the past, and as we begin the season with those drills, we'll also be implementing new drills to help the team along the way."

Spending time as the team's assistant coach allowed Bovaird to get know the players as the Wildcats try for their second state final four in three years.

Conley spent seven years as the Wildcat head coach and took Louisburg to two state final fours and recorded the program's best finish in 2020. He also guided the Wildcats to the No. 1 seed in the state playoffs last season, before falling to defending state champion Bishop Miege in the regional championship.

Although there won't be wholesale changes to how the program is run, Bovaird said the players will see a few subtle changes along the way.

"Coach Conley left some big shoes to fill, and one of the major changes the team can expect is that I will be bringing a different approach to the game. I love the standard drill series that Coach Conley used, and I firmly believe that repetition of some of these basics is the key to making LHS soccer competitive, not only in the Frontier League, but also in Kansas 4A.

"We're looking at adjusting our formation this season as well. I grew up playing a 4-3-3 formation, and while the 4-3-3 is still in use, it's evolved from what I played back in the day. But I view myself as a student with a focus on continuous learning and improvement, so I have been studying up on the modern game."

Although wrestling and soccer are completely different sports, Bovaird does see a common theme he can use to help his team improve and that is all about having the right mindset.

"For the longest time, there wasn't a lot of overlap between soccer players and wrestlers, but in the last two years we've seen more and more athletes doing both sports," Bovaird said. "I take a holistic approach to coaching — the total person — so that athletes who graduate from programs I coach are better prepared for life beyond the wrestling mat or the soccer field. I've come to highly value the mindset training that has enabled quite a bit of our wrestling success, and I hope to bring that mindset focus to the soccer team as well.

"This summer during our practices, the guys might have noticed that I like to talk through the drills — explaining some fundamentals, explaining why I coach the way I coach, etc. I'm setting the stage for the upcoming season so that the learning curve is over and we can get right to work. As a wrestling coach over the years, I've often found that some of my best teaching moments have been on the mat during practice while I'm working one-on-one with the athletes. Now that I'm taking on the head soccer coach position, I'm finding that I can bring about some more teaching moments while playing in a scrimmage situation with the team."

As for the Louisburg team, the Wildcats are hoping for a big 2022 season. The Wildcats return several starters from a season ago and could feature a senior class that reaches close to 15 by the time tryouts start next month.

"This senior class especially has a ton of talent," Bovaird said. "The week after our season ended last year, they were already organizing kick-around sessions. I think they're focused on trying to win state, and they're putting in the work on their own.

"We've had our official summer practices, but they are putting in more time on the field than that. They're in the weight room, they're running on their own, and their getting together to play. This season, we're expecting to compete for another league title, a regional title, and a shot at the Kansas 4A crown."

Conley's family atmosphere lifted Wildcat soccer to new heights

Louisburg coach Kyle Conley hugs goalie Sierra Hahn following the team's fourth place state finish in 2021. Conley stepped down after seven seasons with the Wildcats.

One hundred and sixty wins.

Nine regional championships.

Six state final four appearances.

Two state runner-up finishes.

Those are just some of the many accomplishments the Louisburg High School soccer programs had in the seven years under head coach Kyle Conley.

With all that success, many awards followed and the Wildcats became one of the top teams in Class 4-1A during that seven-year stretch.

In less than a decade, Conley accumulated a resume worthy enough to put him in the LHS Hall of Fame and is considered one of the top coaches in the state.

However, having that much notoriety brings more opportunities and Conley, despite it being a tough decision, has taken on a new challenge as he was recently hired to coach the Blue Valley West soccer programs.

It was one of the harder choices he's ever had to make.

Kyle Conley watches from the bench as his girls team advanced to the state final four in 2021.

"It is bittersweet," Conley said. "Everything we have established, accomplished and the culture we have at Louisburg has been fantastic. There was just a great teaching and coaching opportunity that came along and it was hard to pass up."

His decision left a lot his current and former players either sad or shocked — a lot of them probably both.

However, it didn't make them appreciate him any less and it had nothing to do with the stats listed above. It is about more than just soccer.

It is about life.

It is about family.

Year One

It was a wild first season for Conley as he was hired to start

and lead the girls program in 2016 and was named as the boys head coach later that year.

No one could have imagine the success that followed.

In the girls' first ever season, Conley led the Wildcats to a 14-4-1 record, a regional championship and a spot in the state quarterfinals.

As if that wasn't enough, he guided the boys to their best finish in school history (at the time) as the Wildcats made their first state final four and took fourth.

"For the girls, we just didn't want to suck for three years so they would cancel the program," Conley said. "The community raised \$38,000 for the first four years. We had about 43 girls come out that were interested before the season and then it went down to like 24. We were trying to have a JV and a varsity and hope we would hold on.

"Then I took over the boys job in the summer and we were doing things a little differently and having the boys get used to our expectations and how we were going to do things. It took the boys six games or so for them to truly buy in and then we just went on a tear. They had a really good year. I think we beat Tonganoxie 2-1 in overtime and the boys' confidence really seemed to grow. We made the state final four and it was pretty exciting. It was wild, actually."

Kyle Conley huddles his team up prior to the program's firstever game in 2016.

Conley put pressure on himself, especially on the girls side, to get a program out of its infancy and grow it into something Louisburg could look on with pride.

The community had just raised more than \$30,000 to fund the program for three years and Conley wanted to show that their hard work wasn't for nothing.

As it turned out, he had nothing to worry about.

Conley guided the Wildcat girls to four straight state final fours, including two state championship appearances in the program's first five years of existence.

The program went from an infant to being a full-grown adult in a matter of no time.

"It was an incredible situation," Conley said. "The kids did really well. The parents bought in, the school bought in and the community bought in and we just took off. It set the standard. The kids just wanted to keep going back and they made that their goal every year. It has been a heck of a run."

Kyle Conley coached the girls program to four state final fours and two state runner-up finishes.

One of the program's first players, Bailey Belcher, saw that Conley was going to have success even before the Wildcats took the field for that first time in 2016.

Belcher, who went on to play for Missouri Southern after high school, saw a person that cared about more than wins and losses.

"Conley has made a huge impact on the soccer programs," Belcher said. "I don't think it would have ever been where it's at, or what it got to, if he wouldn't have started coaching for Louisburg. He knew every player was different and developing them wasn't always the same process. He took the time to get to know his players and learn what they needed to be coached.

"Of course, there were certain things, like fitness, that were done his way, and for good reason. As hard as it was, we got better and it always showed. He gave everyone a chance to be at the best position they could be in. He is the only coach I've ever had that put as much time and effort into each individual player the way that he did."

Raistlin Brewer, who played under coach Ben York before Conley took over the boys program, noticed a change right away.

Kyle Conley gives instructions Brock Bila and Landon Johnson before entering the game.

"One of Conley's first approaches for us was being in shape, so that meant tons and tons of running, even if it was triple digits outside," Brewer said. "It wasn't my favorite thing, but we definitely were in better shape than most teams. I loved having Ben as a coach, but having Conley at the school made things a lot easier. If we ever needed to talk to him about something, he was just down the hall. He would definitely get a little bit animated, but he just wanted us to be our best and to see us succeed."

Success followed the Wildcat programs for the next six seasons as the boys won three more regional titles and had another state final four appearance in 2020, when the Wildcats finished third overall.

All that success, was due to the work the players — and Conley — put into the program.

The Louisburg boys celebrated their 2016 state quarterfinal win with a bucket dump on head coach Kyle Conley.

"First and foremost he is a great person who cares about every single one of his players," said Braden Yows, a senior on the 2021 team. "One of the big things that differentiates him is the enthusiasm and passion he brings to the program everyday. During his time here we saw both the boys and girls programs grow in the number of players and success. He expected discipline and great effort in everything we did on and off the field."

As much as the Wildcats' accomplishments were formed during the season, Conley never slowed down in the offseason

Recruiting The Halls

Despite the accolades, Louisburg is not loaded with tons of soccer talent.

So, because of that, Conley put on his salesman's hat and hit the hallways — trying to get as many kids out for soccer as he could.

"To be fair, people are always saying we have all these club kids and we don't," Conley said. "We have like five or six that play year-round, maybe a little more depending on the year. You buy into a kid, find what they are good at, find what makes them tick and then you just push that kid. Then all of a sudden you have an Erin Lemke."

Lemke, a freshman in 2017, had plans on competing in track. She had just finished basketball and soccer really never entered her mind.

"Before high school I had only played maybe two seasons of soccer before," Lemke said. "I planned on running track when I was asked by (Michael) Pickman my freshman year if I would play. Then Conley started asking me in the halls if I would play and to get my friends from the volleyball and basketball team to play. In the end, myself and Carson Buffington were at soccer tryouts that spring."

Both Lemke and Buffington turned out to be key figures for the Wildcat program.

Buffington went on to be an all-league and all-state goalie, while Lemke had one of the more memorable goals in program history — as a freshman.

Lemke started the 2017 season at the junior varsity level, and due to injuries, moved up and got some varsity time. She saw more and more minutes as the season went along, and in the state quarterfinal game against Piper, scored the golden goal to send the Wildcats to their first state final four.

Erin Lemke is all smiles after she realized she scored the game-winning goal in the state quarterfinals in 2017 against Piper.

"I have used her as an example for a long time," Conley said.

"I told other players that they can be like her and not to be nervous. It is just fun to watch kids like that take off and gain confidence in themselves on the field and in life."

One small conversation in the hallway changed Lemke's time in high school for the better.

"Playing for coach Conley created some of my favorite memories at Louisburg High School," Lemke said. "Being on the soccer team built my confidence as a high schooler that has carried into college.

"Conley helped us girls who had never played by teaching the fundamentals of soccer, literally how to kick a ball and who to pass to. Building on each skill and creating relationships with each of the girls really bonded our team."

Lemke's story is not an outlier as Conley has brought on a lot

of first-time soccer players and has had similar successes. It has even trickled down to the younger kids.

Kyle Conley gets dumped with water after one of the girls' state quarterfinal wins.

"We hit he hallways hard and recruited kids to come out and play," Conley said. "We found athletic kids and try to find those who wanted to come out and play soccer. The kids were put off or scared because they thought they had to just run a lot. It wasn't just running, and once we got a kid to practice, we could get them to play.

"When you have kids out there having fun and winning games, it just takes off. I think the youth camps we did helped tremendously. Diana Moore (Louisburg rec director) said that every year they are getting more and more kids play soccer. We just did a good job pushing information out there to kids and their families through social media or whatever."

Head coach Kyle Conley hugs Mackenzie Scholtz following her golden goal in 2018 that sent the Wildcats to their second straight final four.

Garrett Rolofson was another one of those stories as he played his final two years of high school under Conley during the 2019 and 2020 seasons.

He turned into an all-league and all-state goalie with the help of assistant coach Michael Pickman, who worked with the keepers. His time with Conley and the program changed his life for the better.

"Personally, playing for Coach Conley shaped me into the student athlete I was and person I am today," Rolofson said. "I learned a lot in the two years I played for him. He taught me how to play soccer, understand the game and was very inviting for someone that had never played soccer before. Conley was encouraging when I was learning and encouraging when teaching other newcomers instead of just cutting someone from the team. He truly cared about each individual player no matter the skill or athletic abilities.

"Playing for Conley not only taught me a lot about soccer and athletics but he changed the person I was before playing soccer. My motivation to get better and succeed in sports went up as well as my overall confidence. Outside of sports Conley taught me how to be a leader, how to set an example for others and how to be a good person."

Rolofson built a relationship with his coach that many other players did as well — one that became even more important after he graduated.

FAMILY

"1...2...3...Family"

That was the breakdown of every huddle — girls and boys — throughout Conley's seven seasons and it was more than a simple gimmick. It was a mindset.

Soccer became Rolofson's second family and they were there for him when he needed them the most.

Shortly after he graduated, his mother, Gloria, was diagnosed with cancer. It was a scary time for the Rolofson's and for Garrett.

During his time as coach, Conley put together a cancer awareness game every season in hopes of raising money for a local family battling the terrible disease.

Little did Garrett know his family would be the ones touched by it all.

So, in the fall of 2020, Garrett found himself back at the field he played on, but this time as a spectator for the annual cancer awareness game as people came out to donate to the family in need — his family.

"My mom was battling breast cancer at the time and I will

never forget watching Conley walk across the soccer field and through the stands directly to me and giving me a big hug," Garrett said. "Not only did the hug make me cry, but seeing his tears made me cry and really shows how good of a person Coach Conley is and how big of an impact he can have on someone's life."

Kyle Conley celebrates with his boys as they won the regional title back in 2017.

Gloria is currently in full remission from her breast cancer diagnosis, and according to Garrett, "She is finally getting back to feeling normal again."

The Rolofson's were just one of several families touched by the kindness of the Louisburg soccer family and Conley made it a point to make sure all of his players — current and former were looked after.

"Conley was the kind of coach that was always there for any of us, no matter what it was," Belcher said. "He constantly pushed all of us to strive for more and reach our greatest potential in literally everything.

"To me, he and his family were like family to me, even after I graduated. He has always made me want to do more and has shown

me there is always someone in my corner that believes in me, and no matter what it is, he has supported me. He has always been someone I can talk to when I need someone, with the most serious of things or just catching up. He is someone that I will always look up to."

It was the family atmosphere that brought his players together and a big reason for all of the Wildcats' success.

"It was an amazing environment to play for Coach Conley," said Trinity Moore, a 2020 graduate. "The impact he had on my life and for soccer was amazing. He made me more confident and put me where I was needed and it helped impact my confidence and strive to help my teammates."

The boys soccer team honored coach Kyle Conley following his 100th victory.

Treston Carlson, a 2021 graduate, believed Conley was a unique coach and got the best out of all of his players.

"The impact he had on his players lives and on our program was unmatched," Carlson said. "The way he coached was different than any coach I've been around. He wanted us to realize it took hard work to get better and that nothing is just handed to us. He always made it clear that we had to outwork the other team. The way he affected who we were helped me have a

new mindset to the game."

It is that family aspect that Conley will miss the most.

"The thing I will remember most is the relationships, whether it is with the kids, the parents or community members," Conley said. "Having kids invite me to their wedding, or just texting me out of the blue to check in and see how things are going. Those are what mean the most to me in the long run. I am with these kids so much that they are almost like they are my own."

Fond Farewell

As the final seconds ticked away, Conley realized his time at Louisburg was coming to a close.

The Louisburg girls lost to Topeka-Hayden in the regional championship game — a team they had beaten twice previously in the state semifinals and both in dramatic fashion.

It was Hayden's turn this go-round and it was time for Conley to let go of a program that grew up before his very eyes.

Despite all the successes, Conley only had one regret with his time at Louisburg.

Kyle Conley gets a hug from Braden Yows following the team's regional championship loss to Bishop Miege in 2021.

"Not beating Bishop Miege," Conley said with a smirk on his face.

Miege ended the Wildcats' season, or handed them a loss in the state semifinals, on seven different occasions — including five on the boys side.

As tough as those losses were, Conley has nothing but great memories of his time as the Wildcat leader.

"At the end of the day, when I reflect on everything, looking back on this ride, I just want people to know that me, my coaches and my family went all in for these programs," Conley said. "I wouldn't do anything different on how we started a program, or how we carried another one on.

"I have zero regrets on how we did it and I think we gave everything we had, and in turn that is when the parents gave everything they had to us. The kids gave everything they had and we fed off each other. We built a fantastic culture and did things the right way. We talked about improving kids, not just on the field, but in life as well. We wanted to make them better people."

Kyle Conley embraces his wife, Kelli, following his final game on the Wildcat sideline last month.

Conley seemed to do just that as the seven former players interviewed for this story, echoed each other's statements.

He changed their life for the better.

"The impact Conley has had in our lives goes deeper than soccer," Carlson said. "He was a great coach that helped me get a better understanding of soccer, but he also taught us good life lessons to take with us past soccer. He always told us the saying 'hard work will beat talent when talent doesn't want to work' and I think that saying goes way past just the game."

Rolofson, who had played baseball for most of his life, grew to love soccer thanks to one person.

"I think it's hard not to say he built an amazing program at Louisburg," Rolofson said. "I think a testament to him as a

person and coach is his ability to not only attract people that had never played soccer before, but his ability to coach them to enjoy and love the game as it is with all of their teammates.

"What I think makes Conley unique isn't his winning nature or motivational speeches, I think it's the fact that he, as a coach, enables his players to enjoy and love the game of soccer. You always hear about athletes that had their dreams and love for their sports crushed by bad coaches at school and club, but you never hear about a coach that can make student athletes fall in love with a game they've never played before."

Now it is time to move on to a new school, with new players and different expectations. However, Conley knows Louisburg soccer has a bright future ahead of itself.

"For me, I know it is a great opportunity," Conley said. "At the same time, I am asking kids to be loyal to me and buy in and be a part of our family. Part of me feels that I am letting people down, letting the kids down, but at the same time I feel both programs are in a really good place. The girls team was pretty good this year, but they can potentially

be really, really good next season.

"The boys program is absolutely loaded right now. We graduated a few seniors, but there are a lot of boys ready to roll. There are a lot seniors that are ready to lead that program. I am not bailing in a situation where there is talent no longer there. I think I left both programs completely stocked and ready to roll and that makes me feel better knowing that I did the job I wanted to do."

Bobby Bovaird (boys) and Ben York (girls) will now pick up where Conley left off as they prepare to guide the Wildcats to bigger and better things. Now is a chance for him to follow from afar.

"We will still be fans," Conley said. "We are still going to live in Louisburg and it will be easy for me to walk up, put up my lawn chair and watch some games when I'm not coaching. We are giving all our social media stuff to Ben and Bobby so that they can continue to grow the programs and we can get ourselves out of it. That way we can follow how the teams are doing and we can become a fan too. We want to support the kids and the program."

Just like any family member would.

2022 Louisburg Sports Zone Male Athlete of the Year Nominees

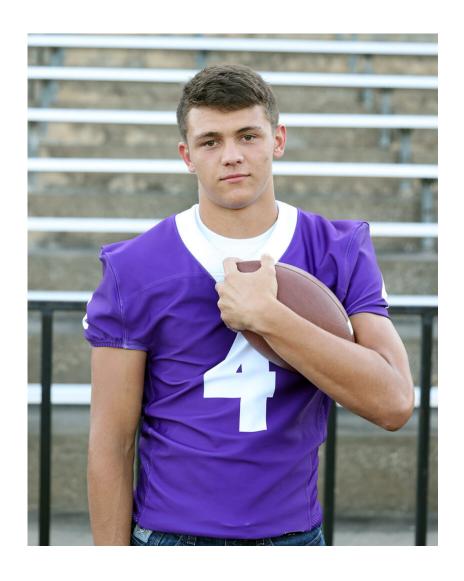

For the past six years, Louisburg Sports Zone has given out Athlete of the Week awards during each of the three sports seasons. I do it to recognize special athletic achievements and to highlight the athletes.

For the fifth consecutive year, Louisburg Sports Zone will be handing out an Athlete of the Year honor to a male and female athlete at Louisburg High School. I wanted the opportunity to recognize those who exemplify what it means to be an "athlete."

Although I am giving out the award, I wanted the process to be subjective, so I asked the head coaches at LHS to help me out. I asked each coach to send me nominations of who they thought exemplified the Athlete of the Year honor. They will then vote for their top 3 male and female athletes and then I will tabulate the results and determine the winner. The winner will be announced in the coming days.

Below are the nominees for the Male Athlete of the Year award in alphabetical order by last name. Congrats to all those who were nominated and best of luck!

Aiden Barker, Senior, Football and Wrestling

Aiden Barker played big roles on both the Louisburg football and wrestling teams this past season. Barker was a starting lineman for the Wildcat football program and wrestled at 195 pounds for the wrestling team.

Barker was a key fixture on both sides of the ball for the Wildcat football team, but his biggest impact came on the defensive side. He was a first team All-Frontier League selection on the defensive line, where he finished with 58 tackles on the season to go along with 11 tackles for a loss and 5.5 sacks.

On the wrestling mat, Barker finished his season with a 31-8

record and earned a fifth place medal at the Class 4A state tournament in Salina. He was named the Wildcats' wrestler of the year and is a two-time first team KWCA Academic all-state winner. He finished with titles at the December Duals, Tonganoxie and Louisburg Invitationals. He finished his career with a program record of career reversals with 74. He will continue his athletic and academic career as a member of the MidAmerica Nazarene University football program this fall.

Brandon Doles, Senior, Football, Wrestling and Baseball

Brandon was a starter on three Wildcat programs during the 2021-22 school year. Doles was the starting linebacker on the football team, he was a varsity captain and 182-pound wrestler

on the wrestling team and played the outfield and pitched for the Louisburg baseball program.

In football, Doles was a key part of the Wildcat defense as he earned first team all-league honors from the linebacker spot. He finished the season with 90 tackles and averaged 11 stops per contest. He also forced two fumbles and had 11 tackles for a loss during the Wildcats' 4-5 season.

Injuries hampered most of Doles' wrestling season, but he was able to make a comeback late in the season and made his way to his third state tournament. At 182 pounds, Doles was win one short of a medal and finished the year with a 9-5 record. Doles ended his career as a two-time team captain and first team KWCA Academic All-State recipient.

On the baseball diamond, Doles was one of the Wildcats' top hitters during the 2022 season that saw them end with an 8-14 record and a spot in the regional championship game. Doles, who started in left field, finished with a .338 average and a .969 OPS. He also had 24 hits, seven doubles and two home runs to go along with 17 RBIs and 22 runs scored. Doles also earned second team All-Frontier League honors.

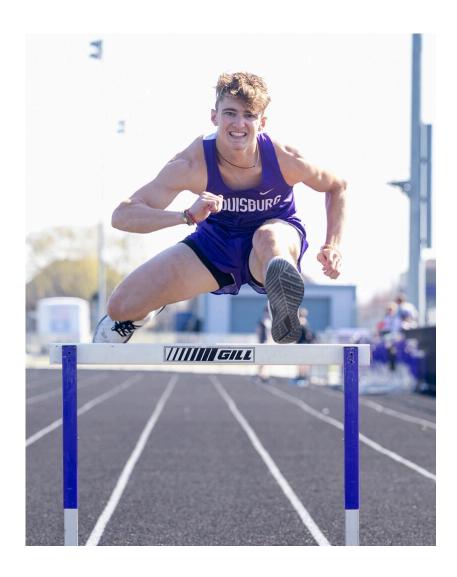

Kolby Kattau, Senior, Football and Baseball

Kolby was a senior starter for both the Louisburg football and baseball teams this past season. Kattau was the starting first baseman and pitcher for the baseball program that reached the regional championship. He was a two-way starter on the football team at running back and safety.

On the baseball diamond, Kattau thrived for the 2022 season as he was named as a first-team All-Frontier and all-state selection for his play at first base. Kattau had a team-high .471 average in 82 plate appearances. He had an OPS of 1.294 and had 33 hits on the season with seven doubles, five triples and a home run. He also scored 24 runs and had 13 RBIs from the leadoff spot. He started five games for the Wildcats and

earned three wins with 25 strikeouts. Kattau was also selected to participate in the KABC all-star game.

On the football field, Kattau was one of the team's starting running backs and recorded two touchdowns with more than 200 yards of total offense. He also started at safety for much of the season as well, and finished with 27 tackles and three deflections.

Tom Koontz, Senior, Football and Track and Field

Tom was a starting defensive back for the Wildcat football team that finished with a 4-5 record, along with being a hurdler and sprinter on the Louisburg track team.

On the track, Koontz helped the Wildcats to a third place team finish at the Class 4A state meet as he earned a pair of state titles in the hurdles and two more medals on relays. Koontz won the 300-meter hurdles with a school record time of 38.98 seconds and also won the state title in the 110 hurdles for the second straight year in 14.61 seconds.

He also helped the 4×400 relay to a fourth place state finish and the 4×100 relay to a sixth place medal. Koontz was also a part of the 4×100 team that broke the school record earlier in the year. He ends his Wildcat career as a 3-time state champion in the hurdles and garnered eight state medals. He was also a member of the 2021 state championship team.

Koontz also made his presence known on the football field as he was a starting cornerback for the Wildcats. He finished the year with 46 tackles, four deflections and a forced fumble.

Maverick Rockers, Senior, Basketball and Baseball

Maverick played key roles for the Wildcat basketball and baseball teams this season. Rockers was the starting point guard in basketball and made an impact on the baseball team as the starting shortstop.

On the baseball diamond, Rockers helped the Wildcats to their second straight regional championship game and had a big year at the plate. Rockers finished with a .406 batting average with a 1.111 OPS. He recorded 28 hits, seven doubles and two home runs to go along with 22 runs scored and 16 RBIs. He also had just six errors from his shortstop position. Following the season, he was named as a second team All-Frontier League player.

Rockers also had a big year on the basketball court as the team's starting point guard. He averaged 11 points a game to go along with three rebounds, two assists and 1.5 steals a game.

Michael Seuferling, Senior, Soccer and Basketball

Michael had big seasons for the Louisburg soccer and basketball teams in 2021-22. Seuferling was a starting defender for the Wildcat soccer team that made it to the regional championship game and was a starting guard for the Wildcat basketball program.

On the soccer field, Seuferling was one of the best outside backs in the Frontier League and was a first team all-league performer for Louisburg. He was also a first-team all-state player as he helped the Wildcats to a No. 1 seed in the Class 4-1A state playoffs.

Seuferling was also one of the top basketball players in the

Frontier League as earned honorable mention honors after leading the Wildcats in scoring. He averaged 13.3 points per contest to go along with 3.4 rebounds and 2.5 assists per game.

Braden Yows, Senior, Soccer

Braden had a big season for the Louisburg boys soccer team as he helped lead the Wildcats to the No. 1 seed in the Class 4-1A state playoffs and a spot in the regional championship game.

Yows was named as a first-team All-Frontier League and allstate player from his midfield spot and was named team captain. He ended his season with a 17 goals and 11 assists. He will continue his soccer career this fall at the University

Conley resigns as head soccer coach, takes job at Blue Valley West

Louisburg head boys and girls soccer coach Kyle Conley is stepping down from both programs after seven years. He has led the programs to a combined six state final four appearances.

Louisburg High School head boys and girls soccer coach Kyle Conley is stepping down from his position after seven years.

He was recently hired to lead the boys and girls soccer programs at Blue Valley West, where he will serve as the head coach of both teams.

Conley, who also taught social studies at LHS, informed the players and parents of his decision on May 4. The Blue Valley Board of Education approved his hire on May 9.

"Making the decision to leave Louisburg was extremely difficult," Conley said. "The players and parents, both past and present, made this decision tough. No parents or players caused this decision. I am very thankful to Mr. (Dave) Tappan and Mr. (Darin) Gagnebin for giving me this opportunity to

coach and teach at Louisburg. The amount of support that my teams, my family and I received from Louisburg soccer parents and the community was incredible."

Conley has the been head girls coach at Louisburg since its inception in 2016 and has led that program to four consecutive state final fours.

Twice, the Wildcats made the state championship game and finished runner-up on both occasions. He has guided the program to an 82-34-3 record.

Conley took over the boys program in 2016 and finished with a 77-32-3 record. He led the Wildcats to two state final fours during that span, including a third place finish in 2020.

"I am so proud of the things that our student athletes in the soccer programs have accomplished both on and off the soccer field," Conley said. "I will always cherish the memories that we have made here with the Louisburg soccer programs."

Conley was named the Class 4-1A Coach of the Year on three different occasions and also earned the Girls Midwest Coach of the Year by the United Soccer Coaches.

Now, Conley will move onto a Blue Valley West program that has won several state championships since its inception in 2001. The move was more than just about soccer, however.

"Blue Valley West provided a teaching atmosphere that is challenging and will push me to be a better educator," he said. "The opportunity to coach such quality soccer programs, that are rich in history, is just icing on the cake."

Top 10 Louisburg Sports Stories for 2021

It was a successful, and eventful, 2021 for Louisburg High School athletics and for those who are connected to the Wildcat program. This past year created a lot of school history for LHS and several programs brought back state hardware.

Below are the top stories from 2021, along with a brief explanation of each. Included in the explanation is the link to the actual story from the event.

When putting the list together, I took a lot of things into account — whether it was team vs. individual, popularity of the sport, historical achievements and the interest it drew on the web site.

This year was a blast to cover and I am looking forward to seeing what 2022 will bring. Thank you to everyone for their support and can't wait for it all to begin again.

10. Louisburg golf team qualifies for state

INDEPENDENCE — For the second time in as many seasons, the Louisburg boys golf team qualified for the state tournament.

Except this time, the Wildcat team is made up of a completely new roster.

The Louisburg group of Johnny Eberhart, A.J. Arriola, Johnny Thompson, Sam Wheeler, Dacey Wieland and Jackson Olson shot a 392 to finish third at the Class 4A regional meet at Independence Country Club.

The Wildcats were just three strokes behind runner-up Field Kindley. Independence won the regional title with a 361.

Louisburg last went to state in 2019, but the 2020 season was canceled due to COVID-19.

Eberhart led Louisburg with an 87 and finished fourth overall and was the lone Wildcat to make the cut for the second day.

9. Compliment steps back from volleyball program after 15 seasons.

When Jessica Compliment walked off the floor following her team's semifinal sub-state loss to Bishop Miege back in October of 2020, the only thought on her mind was how that match was more like a state championship battle.s

It wasn't your normal match as the two perennial state contenders had to square off so early in the postseason. She was proud of her team and was looking forward to another season of helping Louisburg volleyball get to another state tournament.

Little did she know, it would be the last time she would find herself on the Lady Cat sideline.

In late January, Compliment submitted her resignation as head volleyball coach as she will be stepping away to spend more time with her growing family.

Compliment certainly left her mark on the Louisburg volleyball program as she finished her 15th season back in October and has an impressive resume to show for it.

In the decade-and-a-half as the Lady Cat coach, Compliment guided Louisburg to eight state tournament appearances and placed in the top four of seven of them.

She also finished nine wins shy of 400 as she posted a record of 391-226 and helped Louisburg to three state championship matches.

Shortly after, the district hired assistant coach Leanna Willer to take over the program.

8. Wildcat boys soccer wins Frontier League title, advances to regional title

It had the drama of a state championship match, but instead the No. 1 and 3 ranked teams in the state were playing for the Class 4-1A regional championship title.

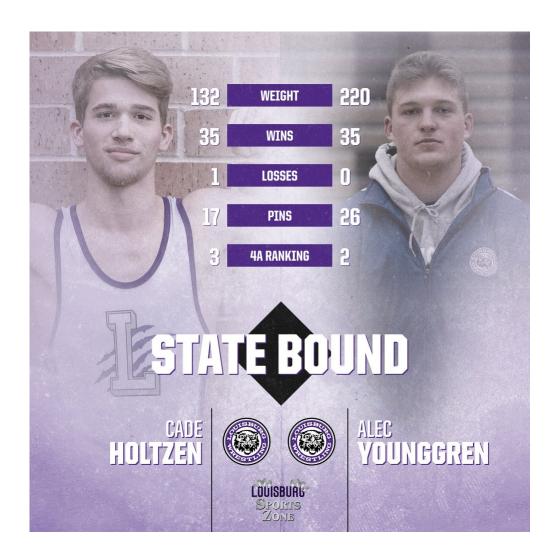

Louisburg hosted Bishop Miege in hopes ending the Stags' string of consecutive state championships.

Instead, the Wildcats once again saw their season come to a close after a 2-0 loss to the Stags at Wildcat Stadium and ended their season with a 12-5-1 record.

The loss was heartbreaking defeat for the Wildcats, who had

their sights set on another state final four — and possibly — a state title. To make matters worse, it was to a Miege team that has handed Louisburg a loss in five of the last six postseasons.

Earlier in the season, the Wildcats were crowned as cochampions of the Frontier League with Spring Hill.

7. Wildcat wrestling medals two

SALINA — Cade Holtzen and Alec Younggren didn't get to leave Salina with what they were hoping to earn.

Only a select few get to leave with the title of "state champion," and both Louisburg seniors were close to reaching their goal. Despite that, both wrestlers helped the Wildcat team to their best state finish in nearly 11 years.

Younggren reached the championship match, only to finish second at 220 pounds, while Holtzen rallied back to medal third at 132 during the Class 4A Kansas State Wrestling Championships at the Tony's Pizza Events Center. The two wrestlers combined to score 30 points, which put them 14th in the team standings.

Louisburg hadn't finished that high since 2010, when Austin Hood won his first of three state titles and his brother Bryce, took second. The Wildcats were 10th that year.

6. Louisburg cross country qualifies both teams for state, medals four.

WAMEGO — It wasn't the finish Louisburg wanted following the Class 4A state cross country meet, but the Wildcats left with more than their fair share of hardware.

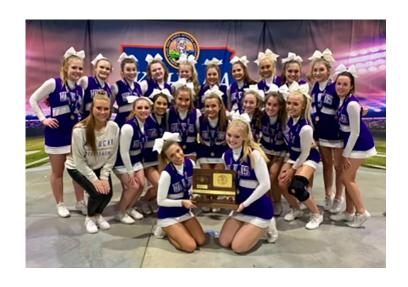

Louisburg was awarded four state medals following the meet at

Wamego Country Club, including three on the girls side for the second straight season.

The Lady Cats had hoped to earn a team plaque for the second year in a row, but took fifth overall with 144 points. Eudora won the girls championship with 56, Baldwin was second with 64 and Winfield was third with 93.

Sophomore Emma Vohs led the charge for Louisburg as she finished sixth overall. Sophomore Maddy Rhamy and senior Reese Johnson also medaled for the Lady Cats.

In his first year with the boys program, senior Jaden Vohs had a strong final run for the Wildcats as he medaled 12th overall.

5. Louisburg cheer finishes runnerup at state competition

TOPEKA — The Louisburg High cheer program knows a thing or two about being one of the last teams left standing at the Game Day Showcase.

Louisburg, which won a state title in 2019 and took third in 2020, found itself one of the two teams left standing.

When the final results were announced in November, the judges

awarded the Wildcat cheer squad the state runner-up plaque. Paola won the state title, while Baldwin made it a Frontier League sweep as it took third.

4. Wildcat girls take fourth at state soccer

WICHITA — The Louisburg girls soccer team may have left the Class 4-1A Kansas State Girls Soccer Championships with a pair of losses, but the Wildcats took a lot of pride in what they accomplished.

For the fourth straight season, Louisburg advanced to the state final four and the Wildcats finished fourth in the state — a far cry where many people thought they would end up. The Wildcats lost a pair of 2-1 matches to Mulvane and then to McPherson in the third-place match at the Stryker Sports

Complex in Wichita.

Louisburg, which lost 12 seniors from a season that didn't happen due to COVID, returned just three varsity players. Despite all that, they ended up being one of the top teams in the state.

3. Louisburg girls basketball snaps 47-year state drought, takes third at state

SALINA — The tears were abundant following Louisburg's loss to McPherson in the Class 4A state semifinal game.

The Lady Cats saw their season come to an end after their 58-46 loss to the Bullpups in Salina, but as hard as the finality of it was to take, they know what is the bigger

picture.

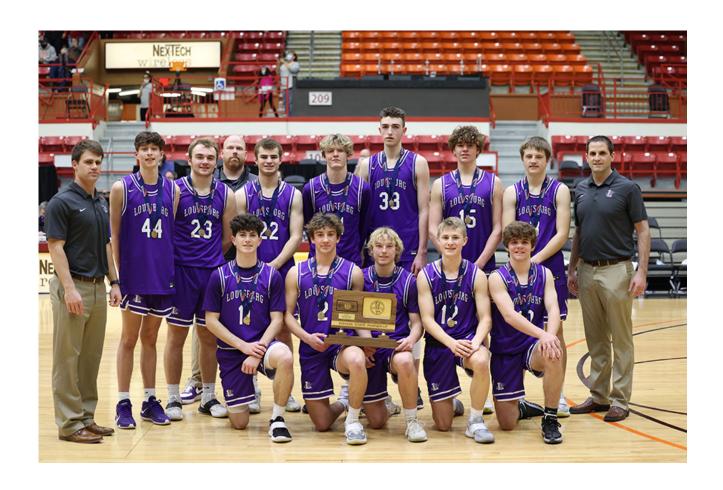

Before the game even started, Louisburg already wrapped up its best finish in program history and became the first Lady Cat team to place at state as it finished third.

A season that finished with a 19-5 record and a third place state trophy, is one that will always be remembered in Louisburg history.

"It means the world to me to finish third at state," senior Megan Foote said. "Obviously it wasn't how we wanted to finish, but that's okay. I'm still beyond proud of this group and the accomplishments we have made. We are the best girls basketball team in Louisburg history. I'd say to be a part of that, is pretty awesome. I'm honored."

For the last three quarters of the game, Louisburg actually outscored McPherson 43-37, but it was the first quarter that the Lady Cats weren't able to overcome.

McPherson scored the first 15 points of the first quarter and took a 21-3 lead going into the second period.

2. Wildcat basketball advances to first-ever state title game, finish runner-up

SALINA — The result of the state championship game is not what the Louisburg boys basketball team will focus on several years from now.

The fact that the 2020-21 Wildcats recorded the best finish in school history, will be more than enough for them to fondly reminisce about.

Louisburg, which played in its first-ever state championship game in Salina, fell to state power Bishop Miege, 94-40. As disappointing as the result was, many of the Wildcats were looking bigger picture.

"We will forever live in history with this senior class and with this team," senior Weston Guetterman said. "Until someone

wins it at least, we are going to be the bar that everyone looks to. It is a proud moment for all of us."

In the state semifinal, the Wildcats got a revenge victory with a come-from-behind 58-55 win over Augusta to advance to the state title game.

1. Wildcat track wins second state championship; Wright wins three state titles.

WICHITA — On the 10th anniversary of the Louisburg boys' first state track championship, this year's team wanted to do something to commemorate the historic event.

The Wildcats decided they wanted to win one of their own.

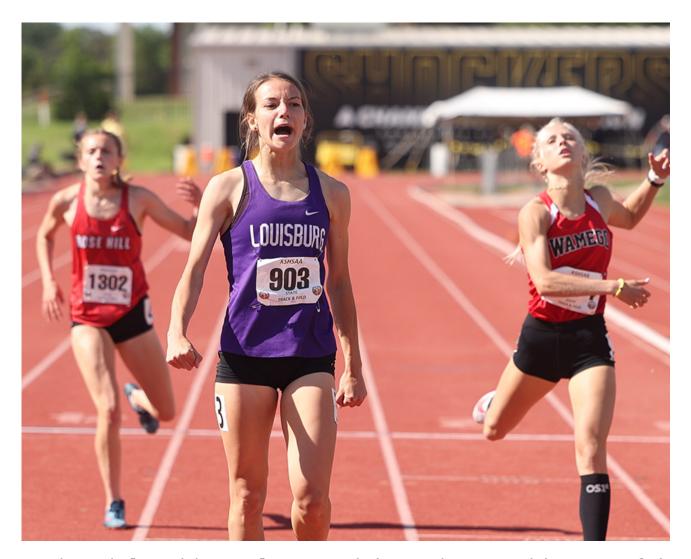

Louisburg edged out Andale for the state championship Friday during the Class 4A Kansas Track and Field Championships at Cessna Stadium in Wichita.

It is just the second track championship for Louisburg and just the fourth team state championship in school history.

The first one was a golf title in 1977, and then football won its first state title in 2010. The track team followed with its first later that school year in 2011 and the Louisburg cheer squad won a state title in 2019.

"There are no words to describe how incredibly proud I was of the entire team," Louisburg coach Andy Wright said. "It was a total team effort. It was a moment I will never forget as a coach, and how exciting that it came down to the final race. Everyone gave it their all, and I just couldn't happier as a coach to see all of that hard work pay off for them with the greatest reward."

Tom Koontz led the Wildcats with four state medals, including a state championship in the 110-meter hurdles.

On the girls side, Delaney Wright made some history of her own.

Wright was the favorite to win state titles in her three events at the Class 4A State Track and Field Championships.

She didn't disappoint.

Wright not only won three state championships, but she won them in convincing fashion, breaking two school records in the process. The Louisburg junior won the long jump, 400-meter dash and the 200-meter dash on her way to an historic day in Wichita.

"My experience at state track this year was amazing," Wright said. "The people competing there were super nice and my teammates made it more fun. It meant a lot to pull off winning three state titles."

Wright became the first female Wildcat athlete to win three state titles in the same year as she helped the Lady Cats to a fifth place finish in the team standings — also the highest finish for Louisburg girls track and field.

"I can't say enough how awesome of a competitor Delaney is," Louisburg girls coach John Reece said. "I know she went to state with one thing on her mind — win. She did just that and truly performed to her best. Winning three different events is an incredible feat."

Six Wildcats named to allstate soccer team

After a season that ended with a Frontier League championship and a spot in the regional championship game, some members of the Louisburg boys soccer team were recognized for their special season.

First came the all-league honors, but more recently, six Wildcats were named to the Class 4-1A all-state team by the Kansas High School Soccer Coaches Association.

Seniors Braden Yows, Michael Seuferling and junior Cade Gassman were first team selections, while senior Isaac Guetterman and juniors Mack Newell and Colin McManigal earned second team honors.

"I was really excited to see these young men selected," Louisburg coach Kyle Conley said. "These six boys have worked incredibly hard and they all earned that right. Our team had a lot of success this season and these six young men as well as the rest of the team had great influence on that."

Yows, a UMKC signee, ended his final season as a Wildcat with a team-high 17 goals, 11 assists and 48 shots on goal.

Gassman, who started out at forward, moved to the midfield halfway through the season. He finished with 11 goals, nine assists and had 34 shots on goal.

Seuferling is considered one of the top outside backs on defense in the Frontier League and in the state and helped anchor the Wildcat back line.

"Braden was the best player on the field each and every night we played," Conley said. "He was great for us over the last three years. He will go on to do great things at UMKC next year.

"Cade was a player who played all over the field for us this season. He is one of the most dynamic players and his soccer knowledge is incredible. He excelled in every position in which he played this season.

"Michael has started ever since his first game at Louisburg High School. He was one of the best outside backs I ever coached. His work ethic and never back down attitude was always shown each and every night."

Despite missing a few games, Newell was one of the top goalkeepers in the league with 68 saves and gave up just 13 goals.

McManigal was also among the top scorers on the team as he tied Gassman for second on the team with 11 goals and he also had two assists.

Guetterman was also key piece in the Wildcats' midfield/defense and won several 50-50 battles.

"Mack had another fantastic year in only his second season ever playing soccer," Conley said. "He has excelled and has been the best goalkeeper in the east for the second year in a row. In only his second season, he is becoming the most decorated goalkeeper in our program's history.

"Colin also had a fantastic season. He is constantly pressing and pressuring all over. His work ethic is second to none. He created so many chances and forced so many turnovers.

"Isaac played so hard for us in a role that might not have been the most glory-led. He did the dirty work defensively. He battled and never backed down from a tackle. He took away the other team's transition and did it so well."

Yows excited to move on to next soccer chapter with UMKC

Braden Yows has had a ball at his feet for as long as he can remember.

Soccer has been a big part of Yows' life and he always had dreams of playing in college one day.

On Nov. 10, which was National Signing Day, Yows put pen to paper and those dreams officially became a reality.

In a room full of family and friends, Yows signed to play Division I with the University of Missouri-Kansas City men's soccer program.

"It was fantastic," Yows said of his signing day. "I was able to have family, coaches and close friends at the signing. That was important to me. A lot of have been instrumental in helping me get to this point, so it was good to say thank you to all of them on that day.

"I started playing soccer when I was 3 years old. It's been a game that I've loved my whole life. I just enjoy everything about the game. So sure, getting an opportunity to play at this level is exciting and has always been a goal of mine."

Yows took a few visits and had offers from other schools, but the Kansas City program stood out, especially its head coach, Ryan Pore.

Pore, who just finished his second year as the Roos' head coach, has a deep soccer background. He played for the Kansas City Wizards (now Sporting KC) for four seasons and played professionally for seven years.

Braden Yows signed his letter of intent on Nov. 10 to play soccer at UMKC. Seated next to Braden are his parents Greg and Heather Yows. Standing (from left) is his club coach Rich Wolf, Louisburg head coach Kyle Conley, Braden's sisters Presley and Rowan Yows, and Louisburg assistant coach Bobby Bovaird.

He started his coaching career as an assistant at the University of Tulsa before getting the Kansas City job in 2020. Pore went on to win the Summit League Coach of the Year in 2020.

"He's played at the highest levels and is well respected within the soccer community," Yows said. "Without question, he's a winner. When he started recruiting me, he talked about his goals about wanting to win championships and talked about his plan to get there.

"Their style of play fits the way I like to play and the things I do well. He's placed an emphasis at recruiting at a high level. Hopefully I can go in and work hard and be a part of that success."

Yows built an impressive resume the last three years for the Wildcat program. He has earned first team all-league and all-

state honors in those three seasons and was named to the preseason All-American watch list in the state of Kansas earlier this year.

He is the program leader in assists with 46 and also holds the single season record with 21. This season, Yows finished the year with 17 goals and 11 assists.

It is that attacking style that Yows hopes to use to make an impact with the Roos program.

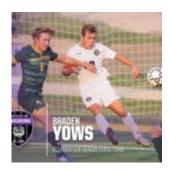

"I connected well with all the coaches," Yows said. "Their style of play includes a lot of combination play, which is one of my strengths. They see me playing one of their attacking positions, either in the midfield, on the wings, or up top. They rotate a lot of their players through attacking positions, so hopefully I can be part of that rotation and make an impact."

As for what he wants to accomplish, Yows just wants to enjoy the college experience and help his team in anyway he can.

"Anyone who's been around me first and foremost knows I want to win," Yows said. "I'm gonna listen to the coaches, and do they what they ask me to do, and compete every day at a high level. I'm looking forward to learning from the current players and coaching staff to help get better. It's gonna be fun playing some of the best programs in college soccer."

Nine Wildcats earn all-league soccer honors; Yows, Gassman

named first team

The Louisburg boys soccer team finished the season as the co-Frontier League champions and the Wildcats were recognized as such.

The all-league soccer teams were released early this week and the Wildcats earned nine spots, including two on the first team.

Senior midfielder Braden Yows and junior midfielder Cade Gassman were selected to the first team. Junior forward Colin McManigal, senior defender Michael Seuferling, senior midfielder Isaac Guetterman and junior goalie Mack Newell were second team honorees.

Senior midfielder/defender Hunter Rogers, junior defender Matthew Sword and junior forward Ethan Ptacek were named to the honorable mention team.

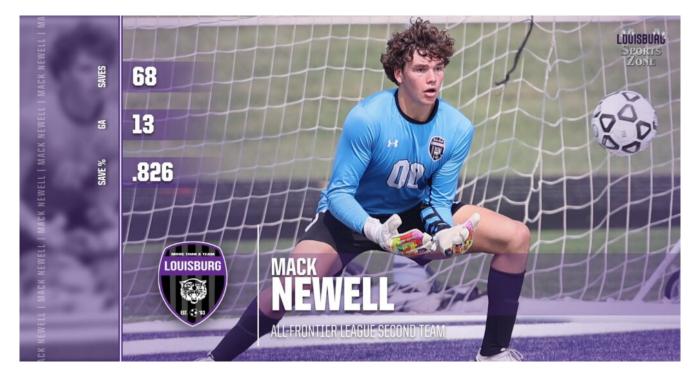

"I felt we had a lot of guys receive honors, in fact it was the most players we ever had get recognized in a single year," Louisburg coach Kyle Conley said. "As a team that only lost one official league game and held their opponents to less goals per game, scored the most, etc..., I thought our boys deserved a better representation on the first team. We are way too good of a team only to get two players to receive first team All Frontier.

"We were a really good team and to get nine players recognized was that is pretty impressive. Just thought some of our players deserved a higher honor. Our league was wide open in regards to the middle of the pack and that had a big influence on how the voting went."

Yows, a UMKC signee, wrapped up his final season as a Wildcat in impressive fashion. He led Louisburg with 17 goals on the season, 11 assists and 48 shots on goal.

Gassman, who started out at forward, moved to the midfield halfway through the season. He finished with 11 goals, nine assists and had 34 shots on goal.

"Braden and Cade have been two of the best players in our league over the past few years," Conley said. "They are incredibly talented players and were fantastic for us this season. Those two did a very good job of breaking down our opponents and we flat out just attacked from everywhere. Braden and Cade have unbelievable individual skills and they both had great years. Those two guys made our team so dynamic on the ball and created so many chances."

The Wildcats were well represented on the second team and it started in goal with Newell. Despite missing a few games, Newell was one of the top goalkeepers in the league with 68 saves and gave up just 13 goals.

McManigal was also among the top scorers on the team as he tied Gassman for second on the team with 11 goals and he also had two assists.

Seuferling and Guetterman were key pieces to a Louisburg defense that gave up few chances during the league season.

"These young men had really good years and did so well," Conley said. "They were all key parts of our team and had really solid years. Michael was one of the best, if not the

best, outside back in our league. He literally shutdown that side of the field. He made it really tough for teams to break down and expose us. Isaac had a great year in the middle of the field and moved the ball well in starting out possession. He also wasn't afraid to stick his nose in tackles either. He never backed down from a tackle.

"Colin finished the year on a high note and scored a lot of goals. His pressure and creating turnovers was great for us. He really took a big step this season and I can't wait to see what he becomes next year. Mack was a rock for us in goal. He was really good to start the year, but missed some time due to covid. It took him a little time to get his mojo back and he was really, really good. Can't wait to have him for a full year next year."

Rogers and Sword were vital pieces to the Wildcat defense this past season, while Rogers was active in the midfield as well and scored two goals and had two assists. Sword played starting center back for the first time this year.

As for Ptacek, he complemented the Wildcat scoring as he finished the year with five goals and four assists.

Heartbreaking loss to Miege ends Louisburg's hope of

Louisburg goalie Mack Newell reaches out for a save Friday during the Class 4-1A regional championship game against Bishop Miege at Wildcat Stadium.

It had the drama of a state championship match, but instead the No. 1 and 3 ranked teams in the state were playing for the Class 4-1A regional championship title.

Louisburg hosted Bishop Miege on Friday in hopes ending the Stags' string of consecutive state championships.

Instead, the Wildcats once again saw their season come to a close after a 2-0 loss to the Stags at Wildcat Stadium and ended their season with a 12-5-1 record.

The loss was heartbreaking defeat for the Wildcats, who had their sights set on another state final four — and possibly — a state title. To make matters worse, it was to a Miege team that has handed Louisburg a loss in five of the last six postseasons.

"Miege is the best team in the state year in and year out.," Louisburg coach Kyle Conley said. "They are incredibly talented and their historical accolades are incredible. Such as 26 straight 4A-1A playoff wins in a row, 10 straight regional championships and 21 regional championships overall, and won five straight state championships. This game should be been played much later in the season, but it is what it is.

"This will be the toughest game they play in the East side of the bracket and maybe even in the whole tournament. With that being said, our boys absolutely battled and didn't back down. They kept fighting and playing for each other. The amount of effort and heart we played with was incredible. Just would have been nice if we finished our chances."

Louisburg senior Hunter Rogers heads the ball away from the Bishop Miege side Friday in Louisburg.

Unlike in year's past against Miege, the Wildcats had their fair share of chances. However, it was the chance that never was that seemed to change the course of the match.

Midway through the first half, the center referee called Miege for a penalty in the box on a takedown of Ethan Ptacek. However, after consulting with the side official, he decided to reverse the call.

Instead of a possible one goal advantage for Louisburg, it turned into a one goal lead for the Stags when Victor Lopez dribbled down the field and found the back of the net with 11 minutes left in the first half.

It could have also played another big role as the Stags were issued a red card early in the second half after a player

threw a punch. The Stags had to play a man down the rest of the match.

"If that PK was called and we capitalized on it, we would have changed our defensive strategies and would have ensured one of their players would have never touched the ball," Conley said. "Even if it is 2-1, getting the red card would have added way more pressure on them to defend. Also, when a team goes down a goal, you never know how they will respond, but I felt that call that was ridiculously overturned by a lineman that changed the outlook of the game tremendously.

"When you go down a goal in a game, it would have created a massive amount of pressure and you never know what would have happened. I am not saying the overruling cost us the game, but it definitely changed the outlook of the game and how the game would have been played."

The Wildcats took another blow as Miege scored on a shot from 30 yards out to go up 2-0 at halftime and put the pressure on Louisburg.

Louisburg junior Gavin York goes up for a header against the Bishop Miege goalie Friday in the Class 4-1A regional championship match.

Despite that, Louisburg did what it could to try and find the back of the net. The Wildcats had 13 shots to 17 for Miege, including four on goal.

Junior Colin McManigal had four of the Wildcats' shots and senior Braden Yows had three. Junior Gavin York had a teamhigh two shots on goal, including a header that almost found the back of the net.

Louisburg also had six corner kicks to try and find a way to get on the scoreboard. Although there were some close opportunities, Conley was happy with the way his team responded throughout the night.

"We played really well and created a lot of dangerous

opportunities, but we just could not get one to go," Conley said. "We had a penalty kick taken away from us, which was an obvious penalty. We just kept fighting and playing with so much energy. Then after their red card for throwing a punch at one of our players, we had so many opportunities. We just could not find the back of the net. We hit the post several times, we hit defenders, or we hit it right to their keeper. We just couldn't get one to go.

"The boys absolutely battled and left it all out there. They have nothing to hold their head about. They represented their families, the school, community, and our program in the absolute best possible way. This was a very special group and did some very special things. This game was as close as a state final four game as you will ever see. Both teams played really well and neither team backed down from the other. It was a great game, but we just couldn't find the net."

Louisburg's Braden Yows was one of five Wildcat seniors who played their last match for the program Friday after the loss to Bishop Miege.

What made the loss even more difficult to take was the five Wildcats seniors who played their last match, including four starters. Yows, Michael Seuferling, Hunter Rogers, Isaac Guetterman and Aidan Cannon.

It is a group of players that helped Louisburg to a programbest finish a year ago with a third-place finish at state.

"Our seniors were special," Conley said. "Every day they came ready to go and gave their all each and every night," Conley said. "They were always prepared and led our team as well as any coach could have imagined. They are going to be missed dearly. I am so proud of everything that they accomplished as a team and individually. They are going to be very hard to

replace and they definitely left their impact on this program.

"This group helped lead this program to its best finish in school history (third in 4A-1A), won three straight Frontier League titles, and two regional championships. These young men are great leaders and are going to go on to do great things in their lives. I am honored to have the opportunity to be their coach. I will never forget this group of seniors."

Wildcats shut out Paola, will host Bishop Miege for regional title

Louisburg junior Colin McManigal heads the ball away during Tuesday's regional semifinal game against Paola. McManigal recorded a hat trick in the 9-0 win.

On paper, Tuesday's regional semifinal match between Louisburg and Paola was more of a means to an end for the Wildcats.

Louisburg, which is the No. 1 seed, hosted 2-win Paola in what could have been a look-ahead to the championship game. However, the Wildcats didn't treat it that way.

The Wildcats dominated play from the opening whistle and advanced with a 9-0 victory over the Panthers. The win puts

Louisburg in the regional championship game Friday against Bishop Miege.

"I thought the boys played really well," Louisburg coach Kyle Conley said. "We moved the ball well and did a nice job of taking away the things they wanted to do. We dominated from start to finish. It was really nice to get all 22 boys into the game and allow them to gain some playoff experience. We did a nice job of not letting them take us out of our game with their behavior and style of play. We created a lot of really nice chances."

Louisburg senior Braden Yows finished with two goals Tuesday against Paola.

The victory now puts Louisburg up against the No. 1 ranked team in Class 4-1A, Bishop Miege.

Miege has won the last five state championships, 12 of the

last 13 regional championships and has won 26 playoff games in a row. The Stags will travel to Louisburg on Friday for a 5 p.m. start.

Louisburg fell to Miege in the state semifinals last season and the Stags have handed the Wildcats a loss in the postseason in four of the last five years. The Wildcats know the challenge ahead of them.

"Bishop Miege is a fantastic team that is really well coached," Conley said. "It is no secret how successful they have been over the past 20 years. They are an incredible team and they are always the favorite in 4A-1A. We know if we ever want to win a state title, it will go through Bishop Miege.

"This is a match up that should be happening in Topeka at the State Final Four, but it is a match up that we are excited to see how we do. They are loaded at every position and it will be a great opportunity for our boys."

Louisburg senior Michael Seuferling wins a 50-50 ball Tuesday against Paola.

Against Paola, the Wildcats got things going in the opening minutes as Braden Yows and Colin McManigal each scored to put the Wildcats ahead. With 14 minutes left in the first half, Cade Gassman scored to make it 3-0.

Junior Gavin York found the back of the net late in the first half to give Louisburg a 4-0 halftime lead.

The Wildcats kept the scoring going in the second half as McManigal opened with a pair of goals to give him a hat trick for the game. Yows followed it up with his second goal to make it 7-0.

Late in the second half, senior midfielder Isaac Guetterman scored his first varsity goal and his teammates celebrated right along with him.

Louisburg senior Isaac Guetterman scores his first varsity goal in Tuesday's regional semifinal against Paola.

Louisburg emptied its bench and freshman Colton Blue ended the scoring wit his first goal of the contest.

"It was great watching the boys play for each other, regardless who was on the field," Conley said. "The team played really well and did a nice job of taking what they gave us. At the beginning of the season, Isaac said he had never scored a goal and that is something he would like to do before he graduates. Some member of the team heard him and it was something they wanted for him. So when we could, we moved him to forward to give him the chance. Throughout the season, he had some fantastic chances, but he finally got one to go. The boys were more excited than he was. I think that shows you how special this group is."
